## Enrollment At Schools Shoots Up To 8,284

265 of 401 Additional Pupils in GC District; Parochial Gain Is 86

Total enrollment for the first week of school in the Quad-Cities was 18,284—an increase of 401 over pupils enrolled at the same time last year.

The 1962 first week total was 17,883. This year public school enrollment is up 315, from 15,922 to 16,237, and parochial enrollment increased by 86, from 1901 to 1987.

The Granite City school district rose 285, from 12,235 in 1962 to 12,520. Madison's school district gained 63, from 8577 to 8640, but the Venice school district dropped 13, from 850 to 837.

Parochial Enrollments  
Three of five parochial schools decreased in enrollment but two others made nice jumps. St. Joseph's, taking more than 100 students formerly in the St. Elizabeth's area, went from 220 to 315—up 95. St. Elizabeth's went from 465 to 503—up 38.

Decreases were from 755 to 749 or six less at Sacred Heart; 230 to 226 or 4 less at St. Mary's; and 121 to 121, a loss of 10 at St. Mark's.

More Expected  
All schools anticipate some late enrollees.

A breakdown of 1963 enrollment follows:  
Granite City school district, 12,520 total. By schools: Lake, 351; Emerson, 378; Frohardt, 306; Logan, 477; McKinley, 358; Marshall, 374; Mayville, 602; Mitchell, 704; Namecki, 622; Niedringhaus, 470; Stalling, 531; Washington, 584; Webster, 469; Wilson, 644; Central, 522; Prather, 732; Coolidge, 1476; Highland, 2410. By grades: kindergarten, 1073; first, 1100; second, 1119; third, 1031; fourth, 1050; fifth, 961; sixth, 968; seventh, 933; eighth, 902; ninth, 1021; tenth, 955; eleventh, 746; twelfth, 383; special, 77.  
Madison school district, 8640 total. By schools: Blair, 420; Dunbar, 538; Harris, 594; Louis, 438; junior high school, 259; high school, 676. By grades: kindergarten, 273; first, 308; second, 288; third, 284; fourth, 245; fifth, 242; sixth, 220; seventh, 205; eighth, 220; special, 9; ninth, 223; tenth, 138; eleventh, 150; twelfth, 110.

Venice District  
Venice school district, 837 total. By schools: Venice elementary, 347; Venice high school, 155; Lincoln elementary, 283; Lincoln high school, 63. By grades: kindergarten, 131; first, 130; second, 127; third, 127; fourth, 127; fifth, 127; sixth, 127; seventh, 127; eighth, 127; ninth, 127; tenth, 127; eleventh, 127; twelfth, 127.

Even with cooler weather late in the month, August will be remembered by most Quad-Cities as a long, hot and dry 31 days.  
And most of the 31 days were dry—rain was recorded on only six days and amounted to a mere 1.66 inch. Rainfall in August normally totals 3.02 inch. By grades: kindergarten, 131; first, 130; second, 127; third, 127; fourth, 127; fifth, 127; sixth, 127; seventh, 127; eighth, 127; ninth, 127; tenth, 127; eleventh, 127; twelfth, 127.

## 71 Emergencies Set Record On Holiday

A record 71 patients were given treatment in the emergency room during a 24-hour period that began at 7 p.m. Labor Day. St. Elizabeth Hospital announced following a compilation made yesterday.

From 7 a.m. to 3:30 p.m. Monday, 39 persons or five per hour received treatment. The pace slowed to four per hour between 3:30 p.m. and midnight when 31 people were treated. Only one person was treated during the early morning hours Tuesday.

Hospital officials listed the following breakdown: Miscellaneous (falls, pain, injuries), 33; cold, sore throat or temperature, 12; lacerations and cuts, nine; sent in for injections, seven; step on nail, six; foreign matter in eye, two; and fractures, two.

## State Port Officer Tours Tri-City Canal Harbor Site

The Illinois port development information officer, Rahe O. Hornung of Chicago inspected facilities and offices of the Tri-City Regional Port Authority yesterday, spending the entire day with Port Manager John Barron.

Hornung was given a conducted tour of the Granite City harbor along the Chain of Rock Island, where the Port Authority has in service a proposed multi-million dollar development.

Barron pointed out the access roadway now is about 80% completed, and that the port commissioners soon will announce further developments.

Hornung, a new appointee by Gov. Kerner, will coordinate the program of all ports in Illinois and one of his major duties will be to give world-wide publicity to the services offered by ports in Illinois, including the Tri-City Port.

The state officer said Gov. Kerner is vitally interested in promoting the development of Illinois ports.

Hornung has his offices on the Navy Pier at Chicago.

## Navy Mothers Tag Days Friday And Saturday

The Quad-City Navy Mothers Club, Unit 101, will observe tag days Friday and Saturday, according to an announcement by Commander Ed McAlister.

The local unit has just received three citations from national headquarters. They are for volunteer service in hospitals; welfare for needy; and aid to servicemen and hospitalized veterans.

## Nestle's Plan \$179,200 Projects

Work Hikes August Building Permit Values To \$345,695

Issuance of three additional construction permits to the Nestle Co. for work valued at \$109,203 sent the August total values to \$345,695, seven: Bloomquist, building inspector, and City Clerk A. L. Stevens processed 76 building permits for the month.

The month was exceeded only by April when 78 permits carried representative values of \$730,175, including a major construction project at Granite City Steel, and by March when 41 permits had values of \$562,397, including \$313,277 for a new post office, and \$184,232 in two permits obtained by Nestle for basic construction.

One of the three new permits obtained by Nestle was for re-erecting the old building, truck-painting, replacing old floors, roof drainage, floor drains, replacing and repair of ceilings, and general maintenance of buildings at a cost of \$49,375.

Another was for an addition to and completion of a finished goods warehouse at a cost of \$34,187, and the other is for a 20 by 50-foot factory storage, supply and stock building at a cost of \$25,641. S. M. Wilson & Co. is the general contractor on the three projects.

Month's Activity  
The month's activity included seven permits for new homes valued at \$87,000; 10 for additions to homes, \$11,300; 15 for garages and carports, \$16,577; 29 for remodeling and repairs to homes, \$23,144; nine for commercial-industrial purposes, \$29,500.

Permits during the last half of the month included remodeling of Trinity Methodist Church, 2542 East 25th street, \$5000; a fallout and bomb shelter issued to Ronald Shafer, 18, of 2017 Edwards-ville road, a senior at Granite City high school, \$600; remodeling the front of Fredman Brothers furniture store, \$3000; and remodeling the front of Tri-City Tobacco Co., 2200 Madison avenue, \$1000.

Other permits issued during the last half of the month were: For homes—James Harris, (Continued on page 9, col. 2)

OCTOBER COMPLETION DATE has been set for Granite City's new main post office building at 24th street and Madison avenue. Workers are shown hanging light fixtures and welding interior windows for postal inspectors (upper right). Contractor Clyde Nelson said the completion date was set back from Sept. 15 because of recent labor strikes.

## Expect Favorable Action On 100 New Apartments

Optimism on obtaining 100 new apartments for the elderly was voiced today by Mayor Leonard Davis, who told the Press-Record that the U. S. Housing and Home Finance Agency has acknowledged receipt of Granite City's application.

A letter that arrived yesterday said the city's workable program appears to be in good order, following the initial study of it at the HHA office. The city is to be notified of any additional information that may be needed, but it appears that the data is complete, federal officials said.

The city council last month modernized local building codes, and the city master plan is being brought up-to-date. The steps are necessary to qualify for federal funds to construct a second 100 apartments here for senior citizens.

The 100-unit Anchorage project for the elderly was opened this year. The Granite City Housing Authority also operates the 451-apartment Kirkpatrick Homes.

Other permits issued during the last half of the month were: For homes—James Harris, (Continued on page 9, col. 2)

## Air, Water Pollution Major Topics Of Council Members

Pollution of two varieties—air and water—were major topics of discussion at Tuesday night's meeting of Granite City council members. Abatement solutions are pending.

With air pollution testing machines now in operation in the city, Alderman G. H. Sternberg proposed the appointment of a five-member committee to study the need for stronger city controls on air pollution and to enforce any new legislation.

Sternberg said he felt it was the responsibility of the city to start the air pollution abatement program, to find the sources and recommend remedial action.

The project engineer, Edward Juneau of Sheppard, Morgan & Schwaab Co., and Alderman Ford Johnson, a member of the committee are to go to Chicago today to confer with U.S. Army Corps of Engineers officers on handling the city sewage treatment plant at the Army Depot here.

The city's sewer pumping station is on depot property. Moerlen told council members the initial reports for Mississippi River pollution abatement and possible storm water drainage relief will be available by Sept. 15, and the fiscal agent also will be ready to present recommendations on financing.

"We still have to name a bond attorney and bond counseling firm," Moerlen said.

## Defense Dept. May Send 300-800 To GC Depot

Madison Council May Reject Bids On Storm Sewers

The Madison city council may reject all four bids on construction of the city's storm water project and issue a call for new bids.

At a meeting Tuesday night, Raymond Kozielek, chairman of the street and alley committee, reported that his committee has no recommendation as yet, "but we are considering rejecting all bids and calling for new bids."

The council approved a two-week extension for further study. Low bidder for the contract was G. H. Sternberg & Co. of Granite City with a quotation of \$43,881. Other bidders were General Contracting Co., \$466,788; A. H. Seebold Construction Co., \$474,739; and Nelson Construction Co., St. Louis, \$537,843.

Kozielek noted that three other "reputable" firms obtained plans and specifications and he expressed disappointment that they did not submit bids. They are Chism Inc. of Springfield, Joseph Keeley of East St. Louis and Helmkamp Contractors of Wood River.

Sternberg's Experience  
Mayor Stephen Macraes commented that the other three contractors have done a lot of sewer work. We have wondered about Sternberg's experience on sewer work. We may save money. It's worth more consideration." The Sternberg firm has constructed sewers in Granite City.

The mayor added that the project has been "in the making since 1944. We are down to spending our own funds and we want to save as much as we can."

An estimate of cost of the project made by the firm of Sheppard, Morgan & Schwaab, consulting engineers, was \$450,314.

Kozielek said the committee felt the bids "are a trifle high. After a study of the unit prices, we are not satisfied."

General contracting constructed the portion of the sewer work financed by the East Side Levee & Sanitary District which extends up Washington avenue to Eighth street. The city portion will continue north.

**The New Polaroid  
Color Pack Camera**

**The Most Advanced Camera  
in the World** \$129<sup>00</sup>

You've probably seen the new 50-second Polaroid color pictures, but have you seen the brand-new Polaroid Color Pack Camera?

Even if it didn't give you a color print in 50 seconds, it would still be a camera to marvel at. It is amazingly easy to use. Yet it embodies some of the most remarkable technological features ever put into a camera.

Its sensitive electric eye is teamed with a transistorized electronic shutter. Because of its revolutionary new shutter, this Polaroid Land Camera can do things cameras could never do before.

It can measure the short, brilliant burst of a flashbulb and make a perfect exposure setting. (Even the most expensive electric eye cameras respond too slowly to do this; they must be set mechanically.)

At the other extreme, it can measure very low light levels (a candle-lit dinner table) and automatically make the correct setting for a time exposure.

**Color flash pictures automatically**  
There's no more measuring or setting for indoor color pictures. The electronic circuit of this new camera makes a precise calculation for every shot — automatically. You can move quickly from a closeup flash picture to a 10-foot flash shot.

When you press the shutter the electric eye measures just the amount of light it needs for a perfect picture — then closes the shutter. All of this takes place in the instant the flashbulb goes off!

**Shoot black-and-white pictures anywhere in the house without flash or wink-light.**

If there's enough light to read a newspaper comfortably, you can easily shoot black-and-white pictures without a flashbulb or wink-light.

**New film pack loads in 7 seconds**  
A revolutionary new design in camera and film makes loading easier. Both black-and-white and color film come in plastic packs (8 shots to a pack). Slide the plastic pack in place, pull a tab and you're ready to shoot your first picture. The entire operation takes only seconds.

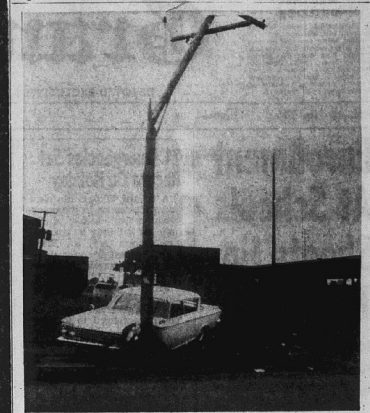

**Weights less than many 35 mm cameras**  
This is the smallest, lightest camera Polaroid has ever made, even though it gives the large sized (3 1/4" x 4 1/4") pictures made with earlier models. It is actually 1 1/2 pounds lighter than our most popular previous cameras. And it is lighter than many well-known 35 mm cameras.

**Push, push and you're in focus**  
Focusing is quick — easy with the new Polaroid Color Pack Camera. The image in the precision coupled rangefinder moves in the same direction as your fingers. Push left, push right, until one image covers the other and you're in focus.

The whole camera has been designed to be as simple as possible to use. All you have to do is to follow the numbers: 1, 2, 3, 4.

**Everything is different but the fun**  
Everything about this new Polaroid Land Camera is different except the fun of seeing your pictures on the spot — black-and-white in 10 seconds, color in 80 seconds.

A final word: Don't be put off by the remarkable technical innovations. Starting as some of them are, every one was designed to make picture-taking easier and more rewarding for you. Ask for a demonstration. We'll be glad to show you why this is the most advanced camera in the world.

**AUTO SNAPS POLE.** A car driver by Mrs. Violet Kasbaum, 1728 Madison avenue, which skidded off wet tracks at the 16th street and Madison avenue railroad crossing and into this high-tension utility pole at about 12:30 p.m. Tuesday. **GC To Deny Liquor License For New Gasen Drug Store**  
Denial of a package liquor license for the new Gasen Drug store was announced Tuesday night by Mayor Leonard Davis, who is Granite City's liquor commissioner.

The mayor told council members the firm, which plans to build a store adjacent to Kroger's Market at the new Nameoki Village shopping center, had made application in advance of construction in order that a layout for the new store may be planned.

"We have during past years denied such applications from drug stores and super markets, and I plan to continue this policy. I want you to know that I am refusing the license," he told the council.

**13 Tavern Bond Renewals**  
On a recommendation by Alderman Edmund Bartosik, deputy liquor commissioner, the council approved 13 renewals of \$2000 liquor bonds for taverns.

The bonds were approved for the following:  
Floyd Harlan, The Spot Tavern, 1800 Delmar avenue; Paul Summers, Club Delmar, 1832 Delmar avenue; Hazel Adams, Home of the Blues tavern, 1539 Twentieth street; Dale and Marie Higgins and Billy Joe Smith, The Congress, 1400 Nidringhaus avenue; Marian Hall, the Silver Slipper, 1837 Johnson road; John Suramy, Yonah's tavern, 849 Nidringhaus avenue; Irvy Cline, Cline's restaurant, 2017 State street; William DuBay, Lone Acorn, 20th and Edwardsville road; Mae Bangert, Mae's tavern, 1369 Edwardsville road; Ernest French, Ernie's tavern, 4000 Nameoki road.

Arthur Kelley, Kelley's Lounge, 1000 Nidringhaus avenue; Sam Andria's Liquor, 4222 Nameoki road; and John Vardian and Harry Torosian, the Good Neighbor tavern, 915 Nidringhaus avenue.

**Union Pacific Orders Postal, Chair Cars**  
Union Pacific Railroad has ordered 100 postal train cars and 15 chair cars from St. Louis Car Division, General Steel Industries, Inc.

The 60-foot postal storage cars, of steel construction, are designed for both head-end and regular freight service and will have GSI one-piece cast steel underframe ends arranged for a cushioning device, made at the Granite City plant.

The 85-foot, air-conditioned light weight chair cars will have aluminum super-structures and four-wheel outside swing hanger trucks and one-piece platform and body bolster castings by the GSI plant here.

Deliveries will begin in approximately six months and be completed in 17 months.

## Council Stalls Ok

(Continued from Page 1.)

Partney and Mrs. Gabrielle De-  
tine.

One curb, sidewalk and  
to last week's advertisement for  
curb and sidewalk replacement.  
It was from Tom Skerle and is  
to be returned unopened, as the  
council decided to list detailed  
construction specifications.

Alderman Sternberg, chairman  
of the Street and Alley commit-  
tee, pointed out the city never  
specified concrete mixtures and  
other requirements. His sugges-  
tion that the state specifications  
be followed was approved by the  
council.

He explained that standard  
specifications probably would  
bring forth more bidders.

A request for repair to a pri-  
vate driveway on city property  
between the sidewalk and curb  
where the sidewalk is to be re-  
paired by the street department  
was debated at length by council  
members. However, the project  
was approved by a 10-0 vote.

### Purpose To Eliminate Hazards

The request was submitted by  
Alderman Paul Rutledge, who  
said a tree had uprooted the  
sidewalk and driveway and that  
to leave the driveway without re-  
pair would create a hazardous  
condition for pedestrians. "We're  
trying to eliminate hazardous  
conditions which have been caus-  
ing expensive damage suits  
against the city," Rutledge point-  
ed out.

However, several aldermen  
pointed out the private drive-  
ways, even though on city prop-  
erty, were the responsibility of  
the property owners according to  
past policy of the council.

Rutledge said the condition in  
his Fourth Ward along Benton  
street was created by a city-  
owned tree.

Bartosiak said the property  
owners at least should furnish  
the concrete needed for the re-  
pairs. It was estimated at least  
half the driveway would need to  
be replaced. No cost figure was  
given.

Bartosiak said he had been re-  
fused several similar requests,  
but Rutledge added that it was  
rare that a city-owned tree was  
the cause.

Whitmer joined Bartosiak in  
opposing the request. "It's been  
done in the past but only in pol-  
iticking time," he added.

Rutledge replied he believed  
the city was responsible, since  
the damage was caused by the  
tree.

In the roll call vote, Steve Ba-  
sarich switched from an "aye" to  
a "no." Voting for the repair  
were Rutledge, Skubish, Johnson,  
Bord, Bergfield, Dallas, Moerlen,  
Dallas, McGee, Sternberg and  
Thompson. Opposed were Whit-  
mer, Bartosiak and Basarich.

### Special Committee Named

A special committee was  
named by Mayor Davis to pre-  
pare a policy of sick leaves and  
other leaves for city employees.  
No records of any policies could  
be found.

Named to the committee were  
Rutledge, Boyd, Nann and John-  
son. They are to submit a rec-  
ommendation to the council as  
soon as possible.

Establishment of such a policy  
has been debated since July when  
a request was submitted by the  
fire department. However, the  
council decided to develop a pro-  
gram for all departmental em-  
ployees.

Payment of two days salary to  
a street department worker who  
was off work due to a death in  
his family was delayed to await  
the decision of the committee. It  
was brought out that in the past  
some employees have received  
such pay while others haven't,  
and that a uniform policy is  
needed. A motion to pay the  
street worker for the two days  
was withdrawn to await the com-  
mittee's recommendation.

### Bus Officials To Speak

Mayor Davis told council  
members he would arrange for  
two officials of the Bi-State  
Transit Co. to appear before the  
council next month.

The mayor said the bus firm  
officials would outline in detail  
all changes to be made. Several  
aldermen said they had received  
complaints concerning transfers  
and service as well as the  
changes in the rate several times.

Other complaints concerned  
changes in bus stop locations. It  
was pointed out that several  
were temporary because sections  
of State street are barricaded  
for the removal of old trolley  
tracks.

Alderman Johnson, chairman  
of the Fire committee, reported  
the damaged fire truck repairs  
are nearly complete and that  
the pumper successfully passed  
tests. "It has been painted and  
should be delivered about Sept. 15," he told the  
council.

Sternberg, chairman of the  
Street and Alley committee, an-  
nounced that city appraisals of  
property along Nann road and  
north of Madison avenue had  
been completed and turned over  
to the French Village office of  
the state highway department.

### State To Review Appraisals

The appraisals are to be re-  
viewed by the state. Several  
parcels of property will be needed  
for the long-proposed widening  
of Nann road. The first section  
of the widening and resur-  
facing project is scheduled for

## Hospital After Stroke

Charles McMahon, 1800 Sken-  
street, Madison, a Second Ward  
alderman, suffered a stroke  
Tuesday and is a patient in St.  
Elizabeth Hospital where he was  
reported to be in fair condition.

McMahon, 66, retired two years  
ago for reasons of health. He has  
been suffering from asthma.

north of Madison avenue. No  
starting date has been set.  
Sternberg also reported that  
the Street and Alley committee  
would meet regularly once a  
week at his office in the 1600  
block of Delmar avenue.

Answering questions concern-  
ing a drainage improvement  
along Norwood drive in Nannok  
township, Sternberg said he had  
inspected the ditch widening  
work and did not believe it would  
cause any problem for drainage  
in Granite City.

The city was advised of the  
work by Charles Hanks, Nannok  
township road commissioner.  
Sternberg said the dry wells in-  
stalled by the township will trap  
quantity of water, but that the  
ditch widening would not be re-  
ceiving any more surface water  
than it had in the past.

The committee reported that  
in the past it has not been the  
responsibility of the city to in-  
stall street signs in federal hous-  
ing projects. The request from  
Granite City Housing Authority  
for signs to be placed in the new  
Anchorage development was re-  
ferred back to the authority.

Alderman Skubish asked the  
committee to replace two broken  
manholes on a 30-inch sewer line  
in the 3200 block of Willow ave-  
nue. He said the manholes had  
been broken by construction  
equipment and that there was  
danger of a youngster falling  
into the sewer line.

Approval was given Frederick  
Ybarra, 1721 Spring avenue, to  
operate a tavern at 20th street  
and Washington avenue, now re-  
paired by his uncle, Louis Ybarra.

# Steelworkers Still Striking At Dow Metal

Picketing by United Steelwork-  
ers Local 4804 continued this  
morning for the sixth day at  
Dow Metal Products Co., Mad-  
ison, but Chemical Workers Lo-  
cal 50 last night accepted a  
contract offer from Granite  
City Steel Co.

George Becker, president of  
the steelworkers union, said no  
negotiating sessions have been  
set up by federal mediators.  
The union walked out last Fri-  
day midnight after 13 meetings  
with Dow officials failed to pro-  
duce results.

About 700 Local 4804 mem-  
bers are employed at Dow,  
which normally operates 24  
hours a day.

Edison Phelps, head of the  
chemical workers, said about 350  
of the 850-member union voted  
about 2 to 1 in favor of accept-  
ing Granite City Steel's offer.

He said the 21-month contract  
calls for no wage increase but  
includes "a few minor adjust-  
ments on jobs." Although the  
union had authorized a strike,  
a tentative agreement was reached  
before a walkout occurred. The  
chemical workers are employed  
at the firm's blast furnace plant.

# Parents Of Son

Mr. and Mrs. Carl Duffield,  
1929 Grand avenue, are parents  
of a son born Monday at Chris-  
tian Welfare Hospital, East St.  
Louis. The infant weighed seven  
pounds, 12 ounces and has been  
named Brian Keith. He has a  
sister, Colleen, three years old,  
and a brother, Kevin, two.

# Walters Appointed GC Boiler Inspector

The appointment of Clarence  
Walters as city boiler inspector  
was confirmed Tuesday night by  
Granite City council members  
following acceptance of the resig-  
nation of Troy Walker.

Walker, who resides at 1703  
Clark avenue, has held the post  
a number of years. He will re-  
main on the city's boiler inspec-  
tion board.

Walters, also a member of the

Granite City, was sideswiped by  
a truck at 4:30 a.m. today while  
parked in the 300 block of  
Broadway, Venice. Police said  
the truck, identified by witness-  
es as belonging to the Lovelace  
Trucking Co. of St. Louis, left  
the scene and the driver may  
have been unaware of the acci-  
dent.

Apparently the rear end of  
the truck swung over and struck  
Beasley's car doing a stop at  
Fourth street. Damage to the  
car's left side was in excess of  
\$100.

He was admitted to the hos-  
pital Tuesday. Court officials re-  
ported that surgery may be re-  
quired to remove kidney stones.  
The hospital said his condition  
today was satisfactory.

# New Girl Scout Books Available Here Monday

Four new handbooks, blue-  
printing programs for the various  
age groups of Girl Scouts, will go  
on sale Monday, the Rivers Bluff  
Girl Scout Council announced  
this week.

The books, which unveil a  
complete changeover in current  
procedures, will be on sale at the  
local Girl Scout outlet—Carp's  
Department Store, 1305 Nineteen-  
teenth street. Books purchased  
during the first week of sale will  
carry a small bookplate certify-  
ing they are first edition copies.

The council urges parents of  
Girl Scouts to provide their  
daughters with the new publica-  
tion pertaining to their group.  
Price is \$1 each.

Summary Of Books  
The council issued the follow-  
ing summary of the new books:

"(1) Brownies will have a book  
which is an integral part of  
Brownie program. It's good look-  
ing, full of ideas, extremely read-  
able. Beautiful illustrations in  
vibrant color show 'how to' as  
well as 'what to' do. This book is  
for girls in the second and third  
grades.

# Location Change For Proposed New GC Nursing Home

A change of location for the  
proposed new nursing home to be  
erected along West Pontoon road  
was disclosed during Tuesday  
night's Granite City council  
meeting when a change in the  
zoning classification for a 12.8-  
acre tract of the Henry Willard  
farm was requested.

The petition, presented to the  
council by Charles Goff, Shirley  
Goff, Dr. J. C. Byers and Harriet  
Byers, developers of the nursing  
home, and property owners Henry  
and Mary Willard, was re-  
ferred to the City Plan Commis-  
sion.

The new location is adjacent  
to Briarcliff subdivision on the  
south side of West Pontoon road.  
The other site had been north of  
West Pontoon road and east of  
the Herbert Bischoff farm.

Property restrictions caused  
the change in location, it was  
learned.

Also referred to the city at-  
torney and City Plan Commis-  
sion was a petition for annexa-

### Ironworkers Ratify 60-Cent Package Deal

Ironworkers Local 392 Tuesday night ratified a new contract with the Southern Illinois Builders Association.

The three-year pact calls for a 60-cent package, according to Lail Field, union business agent. There will be a 10 cent increase the first year, and 25 cents in each of the next two years.

The ironworkers had been on strike in a 15-county Southwest Illinois area from Aug. 1 to Aug. 30 when tentative agreement was reached.

### Man Pleads Not Guilty

Edward Hecky, 34, of 2227 Benton street, pleaded not guilty to charges of driving while under the influence of intoxicating beverages and reckless driving Tuesday. Police Magistrate Gasparovic set a \$500 property bond pending a hearing on Sept. 17. He was arrested early that day.

### Tennesseeans To Gather Sunday At Alton Park

Quad-Cityans with Tennessee ties will be heading for Rock Springs Park at Alton Sunday for the 27th annual gathering of the Society of Loyal Tennesseans.

The 1 p.m. meeting is a basket lunch affair, designed to give native Tennesseans and members of their families now living in southwestern Illinois a chance to talk over old times.

About 100 members are expected to gather for the old-fashioned outing. The picnic originated 27 years ago at Rock Springs Park but in the past several years has been held elsewhere including Wilson Park here.

For those Loyal Tennesseans who need to brush up on the state song, here are the words: "O Tennessee, fair Tennessee, the land of all the world to me I stand upon the mountains high and hold communion with the sky."

And view the glowing landscape over Old Tennessee, forevermore. The rarest fruits, the fairest flowers, The happiest homes on earth are ours. From east to west the chorus be, God Bless our dear old Tennessee.

### Attorneys Available To Address Organizations

The "Law Forum," a program under which local attorneys address various organizations, is still in effect. Quad-Cityans were reminded today by Leo H. Konzen, Tri-City Bar Association president.

Inaugurated earlier this year, the speaking program resulted in a large number of talks and panel discussions being given prior to the usual summer lull.

Organized groups desiring a speaker or attorneys on any subject pertaining to the law may make arrangements by contacting Attorney Merlin Hiscott, committee chairman for the project, Konzen said.

### No-Parking Zone Set Along Nameoki Drive

A no-parking zone on the north side of Nameoki Drive between 29th street and Circle drive was approved Tuesday night by Granite City council members.

The ordinance sets fines of \$1 to \$25 for violations. Alderman Earl Thompson explained the zone was needed because of a garage in the block. He said the zone would keep the program to keep the lanes of traffic clear.

"We need this zone because of the heavy traffic to and from the A. O. Smith plant," Thompson said.

It's easy to be popular—find out the other fellow's viewpoint and adopt it as your own.

### Police Chief Asks Motorists, Children To Be Cautious

Police Chief Raymond Willard today issued a proclamation for Granite City motorists reminding them of the need to be extra cautious in school zones.

"School has reopened and now is the time for all motorists to be on the alert more than ever," Chief Willard said.

"Children will be crossing streets to get to their schools, and it is up to drivers to watch for the children. When youngsters are within the white stripes or crosswalks, they have the right of way and vehicular traffic must yield to them," the chief emphasized.

The chief also called attention of motorists and parents to the school crossing guards who went on duty this week.

### Aid To Veteran Lower; 'War Orphan' Aid Rises

Veterans Administration programs designed to assist the veteran are on the decline, but a program to aid "war orphans," children of soldiers who have died of injuries suffered in military service is currently at its peak, announced John B. Naser, VA's regional manager for Illinois.

About 2700 Illinois veterans of their orphaned children are entering the nation's classrooms this fall, but said Naser, more than 1500 children have taken advantage of the first benefit.

The provision setting a minimum seven-day jail sentence and a fine not to exceed \$1000 for driving during a revocation or suspension period is retained for that offense, but the same penalty now is in effect for persons who fail to obtain a new license, but resume driving, after the end of the revocation or suspension period.

Some courts had taken the position that an unlicensed driver operating a motor vehicle after the expiration of a revocation or suspension period was guilty only of driving without a license, not of driving while revoked or suspended, Secretary Carpenter said.

For persons who have never held a driver license, the penalty for driving under those circumstances is now a minimum of three days in jail and a fine not to exceed \$1000. Previously, only a fine, not to exceed \$300, could be assessed for the first offense.

### State Increases Penalties Under Drivers License Law

Secretary of State Charles F. Carpenter today called motor vehicle drivers' attention to several increased penalties for unlicensed driving written into the Drivers License Law by the recent General Assembly.

The areas covered include persons driving after a revocation or suspension period has expired, persons who have never held a driver license and persons driving with an expired license, Carpenter said.

### 7-Day Jail Sentence

The provision setting a minimum seven-day jail sentence and a fine not to exceed \$1000 for driving during a revocation or suspension period is retained for that offense, but the same penalty now is in effect for persons who fail to obtain a new license, but resume driving, after the end of the revocation or suspension period.

Some courts had taken the position that an unlicensed driver operating a motor vehicle after the expiration of a revocation or suspension period was guilty only of driving without a license, not of driving while revoked or suspended, Secretary Carpenter said.

For persons who have never held a driver license, the penalty for driving under those circumstances is now a minimum of three days in jail and a fine not to exceed \$1000. Previously, only a fine, not to exceed \$300, could be assessed for the first offense.

while for the second offense a sentence of a maximum of one year in jail and a maximum fine of \$1000 could be imposed.

**Minimum Fine—\$200**  
For driving with an expired license, the penalty now is a minimum \$200 and a maximum \$300 in cases where the license or suspension period has expired less than six months. If the expiration period is more than six months, the minimum fine is \$500. The old penalty was the same as for persons who had never held a license.

For persons convicted on any traffic law violation charge during a revocation or suspension period, the law now provides that the revocation period may be extended for one year and the suspension period extended for the same length of time as the original suspension. Previously, it was necessary that the persons be convicted on the specific charge of driving while revoked or suspended before the extensions could be placed in effect.

A new provision of the law relates to persons who take the driver license examination for someone else or who secure the services of a third party to take the exam for someone else, Mr. Carpenter said.

The driver licenses of these persons may now be revoked or suspended, and in addition a minimum seven-day jail sentence is required and a fine not to exceed \$1000 may be included.

### Taxpayers Reminded Of Sept. 16 Deadline

Individual taxpayers and corporations paying estimated income taxes and employers wishing to deposit withholding and social security taxes for the month of August are reminded by the Springfield office of the Internal Revenue Service that the deadline for such payments and deposits is Sept. 16.

According to Jay G. Philpott, director of the Springfield district, taxpayers paying estimated income tax are required to pay their third installment of tax due on 1963 estimated income by the September date.

If the income expected to be earned during 1963 has changed, taxpayers may be required to file an amended declaration of estimated tax. A blank form for use as an amended return printed on the back of the bill which taxpayers receive for an installment of estimated tax.

Corporations whose income tax is expected to exceed \$100,000 for 1963 must file their 1963 declaration of estimated income tax and pay the first installment of 25 per cent of the excess over \$100,000, according to Philpott. An 1120-ES should be used for this return, and the deadline for filing the payment is also Sept. 16 for calendar year corporations.

This declaration of estimated tax also is required from proprietors and partnerships which have elected to be taxed as a corporation, said Philpott.

Employers liable for income tax withholding and social security taxes in excess of \$100 for the month of August must deposit such taxes in a depository by the deadline. Form 404 must be used for this purpose, and deposits may be made in local authorized banks or Federal Reserve banks.

Any questions on these matters can be answered by the internal revenue office in East St. Louis.

### Car Forced, Ransacked

David Grindstaff, 3111 Kirkpatrick Homes, reported to Granite City police at about 6 a.m. yesterday that he went out to check his father's car after he heard a door slam and found the left rear window wing pried open. He said the bottom of the glove compartment was torn out but nothing was missing.

## Levee Board To Study Plan To Cut Maintenance Cost

The engineering committee of the East Side Levee & Sanitary District will study a proposal by Board President Lawrence Tolar, who said it will cut the district's maintenance costs for wells.

Levee district employees maintain about 600 U. S. Government wells on and off levee board property at an estimated cost of \$106 per day, Tolar told trustees during a regular board meeting yesterday morning in East St. Louis.

A five-man crew is kept busy for 90 to 100 days each year cleaning out the wells, which need attention every six to seven years to remove silt and foreign objects, Tolar added.

**Private Firm Proposed**  
The board president said he has informally contacted a private firm which would contract for the job "at considerably less than we now pay our own employees."

The five men, four operators and a truck driver, would be available for other work if an agreement with the firm can be reached, he added.

In other business Wednesday, trustees approved a final payment of \$12,437 to the Joseph P. Keeley Contracting Co., which has completed an extension to the Lansdowne sewer line in St. Clair county.

They also ratified a contract with the Illinois Power Co. for the supply of electric current to a new pumping station in Cahokia.

**Drainage In E. St. Louis**  
An ordinance authorizing the construction of a 15-inch storm sewer line, about 1130 feet in length, along a section of Bond avenue in East St. Louis, which has flooded repeatedly after heavy rains, was passed. Bids will be sought.

Trustees signed an easement agreement with the Illinois Central Railroad for the installation of purification equipment on railroad property near the new East St. Louis pumping station. The fee will be \$50 per year.

Salaries approved for payment for the first 15 days of August totaled \$24,193.

Tolar, Chief Engineer Adwin Kraemer and Board Clerk Ben Day left following the meeting to attend a three-day convention of the Illinois Association of Levee & Sanitary Districts at Urbana, Ill.

Legislation, newly enacted and proposed, affecting levee districts, will be the chief item on the agenda, Day said.

## Grand Jury Considers 26 Criminal Cases

The May term of the Madison county grand jury resumed deliberations this week on 26 criminal cases. The recalled jurors are in session in the courthouse, at Edwardsville.

The jury is expected to make its reports on Monday or Tuesday. It is not expected to inspect county institutional buildings during the current session.

Cases due for consideration include a charge of reckless homicide against Jimmie D. Cargill, 22, of 2810 Myrtle avenue, in the Aug. 23 traffic death of Frank Robinson, 33, of Edwardsville; a murder charge against Joseph Ward, 51, in the death of his wife last month near the Fairmount race track; and several charges of attempted homicide involving shootings.

## Continued Decline In Public Aid Recipients

The number of Madison county residents on state public aid rolls at the last tally, for June, was 7056, continuing a decline from the 1963 peak of 8501 in February. The figures were \$140 in March, 1964 and 7487 in May.

A breakdown of the 7056 shows 4580 receiving \$156,808 paid to dependent children, 1089 paid \$29,761 general assistance, 1022 receiving \$85,911 old-age assistance, 312 sent \$24,734 disability assistance and 58 paid \$4627 in blind assistance.

The monthly \$311,861 total compares with \$324,406 in May, \$342,481 in April, \$342,464 in March, \$334,983 in February and \$340,968 in January.

Statewide, 418,308 received \$23,463,147, decreases of 11,875 and \$825,300.

## Gas Siphoned From Truck

Andrew Yench, 3138 Nam-eok road, reported to Granite City police at 10:20 a.m. yesterday that almost a full tank of gasoline was siphoned from his pickup truck while it was parked in his driveway during the weekend.

Other survivors include his wife, Mrs. Meda Parison, four daughters and eight grandchildren. Services will be held at 10 a.m. tomorrow at the Wood River funeral home. The Rosary will be recited at 8 p.m. today.

## 12 Homes Among \$156,250 In New Madison Permits

Construction of 12 homes in Madison—10 single-family dwellings and two duplexes—by the Leo Wolf Co., building contractor, has been authorized through issuance of city building permits.

The \$144,000 plans are part of construction totaling \$156,250 listed in Madison permits issued during August. It was reported this week by City Comptroller E. J. Miller and Building Inspector Steve Kaman.

Wolf will build nine \$12,000 brick homes in the 1700 block of Elizabeth street, at 1709 1/2, 1711, 1713, 1715, 1717, 1719, 1721, 1723 and 1725.

He plans a \$9000 frame residence at 818 Alton avenue. Two brick duplexes costing \$13,300 each are to be erected at 1001-03 McCambridge avenue and 1131-33 McCambridge.

Others obtaining building permits were:

—Fred Wright, 1664 Third street, \$3000 three-room frame addition at rear of home.

—William Cernikovich, 1802 Market street, 25x26-foot concrete block double garage, \$2200.

—George Dittman, 1727 Rhodes street, 24x30-foot brick garage, \$2000.

—James C. Schrader Jr., 2052 Rhodes street, aluminum siding and storm windows, \$1800.

—Roy Williams, 1619 Fourth street, aluminum siding, \$1250.

—Mike Sikora, 807 Grand avenue, remodeling and addition at rear of two-story frame dwelling, \$1000.

—Ray Allen, 2021 McCasland avenue, 28x16-foot frame addition, \$1000.

## John Parison, Brother Of Resident, Succumbs

John Parison, 69, of Wood River, brother of Frank J. Parison, 1749 Spruce street, died at 4:25 a.m. yesterday in St. Joseph's Hospital, Alton. He was in failing health three years and was seriously ill for the last month.

Other survivors include his wife, Mrs. Meda Parison, four daughters and eight grandchildren. Services will be held at 10 a.m. tomorrow at the Wood River funeral home. The Rosary will be recited at 8 p.m. today.

to 14th street and will include silled work.

**Curfew Amendment**  
The mayor called for amendment of the city's curfew ordinance to conform with a new state statute of midnight to 6 a.m. on Saturdays and Sundays and 11 p.m. to 6 a.m. on other days for youths up to 18 years old. The current curfew starts at 10:30 p.m.

Meers also noted that Gov. Kerner vetoed police and firemen pay raises authorized by the last session of the Illinois General Assembly. Local cities pay more than the minimums listed in the legislation.

"We don't mind salary increases if we find a source of revenue to tap," he said. "The state legislature did not allow communities a method to find the income." He added that salaries of Madison's police and firemen are among the highest in the state.

## Slow Pitch Game Is An Infant Here, Polish Hall Finds At World Tourney

Slow pitch softball, as played in Illinois and in particular in the Quad-Cities, where the first state championship was contested last month, is in its infancy when compared to the game in the "up East" segment of the country.

That was the general consensus among members of the Polish Hall softball club, which arrived here at 3 a.m. yesterday after participating in the world slow pitch tournament at Jones Beach, N.Y.

Polish Hall represented Illinois as this state's first champion, and finished with a 3-2 record and in 14th place among the 46 teams entered.

"Not bad for a first try," commented Manager Bernie Dennison, "especially when you look at the calibre of some of the ball clubs in the tournament."

Over 25,000 See Finale

The slow pitch title was won by Newport, Ky., a 10-6 winner over Skip Hogan's AC of Pittsburgh in the final game, which was played before a standing-room-only crowd of over 25,000.

"They really draw at this tournament and at the lower levels of play in some of the eastern and southeastern states," Dennison pointed out. "Competition is much keener than it has been in Illinois, but of course this was the first year that our state has sent a representative to the nationals."

Circulating among the tournament teams and fans, Dennison said he discovered that some 2000 teams began competing for a state title on the district level in North Carolina alone. Over 1,800 slow pitch clubs set out in search of the state title in Ohio.

Knocked out of the double elimination tournament after it had dropped its second game, a 15-3 loss to Hialeah of Miami, Polish Hall stayed around to take in the finals, and went to the trouble of filming the championship game in its entirety.

"We're planning on showing the film to the public at the hall after we have it developed and it should open some eyes as to how the game is played in other parts of the country," Dennison added. "And, for the most part, it is played better than we play it around here."

Low-Scoring Games

Persons interested in following Polish Hall's progress in the tournament were somewhat surprised with the game scores relayed back to Madison.

Surprised with the lack of scoring would be a better statement. The Illinois champions were edged in their first appearance by Knoxville, Tenn., 2-1, and then defeated Indiana, 8-0.

Granite City PRESS-RECORD

Louisiana 6-3 and New Orleans 5-4 before bowing to Miami.

Scores were lower for two seasons, Polish Hall players said. The home run was less prevalent because of more distant outfield fences at each of the 10 tournaments where the tournament's 91 games were played. A 280-foot drive was often just an easy fly ball out, Dennison said.

Secondly, and perhaps more of a factor, the pitching requirements differed greatly from those followed here, where the slow pitch chucks are within legal limits when they left the ball from three to 10 feet above the ground when serving one up to the batter.

Higher Pitching Arc

At Jones Beach, the pitched ball was required to arc from three to 10 feet above the top of the batter's head on its way to the plate. Hits were fewer as a result, especially with some of the clubs employing a six-player infield arrangement which made it virtually impossible to get a ball through on the ground.

"Most pitchers didn't even hesitate to pitch down the middle," said one of the players, "and most of them would back-pedal after releasing the ball and help plug up the gap between first and second."

Dennison and his players also were impressed with the abundance of speed on the basepaths shown by most of the 45 state champions. "A lot of routine singles ended up as doubles, although there were a good many strong throwing arms in evidence," he said.

Polish Hall pitchers Stan Serwatka and John Goodrich found it difficult to alter their pitching deliveries to meet the ASA requirements, but another state entry set up a squawk called "low" are required; they were accustomed to a 15-foot ceiling above the batter's head.

"All in all, it was an interesting and eye-opening trip for most of us," Dennison concluded. "The boys brought back a lot of ideas, and I think some of them will help the game here if we can get them put into our rules. The films we took will prove the best explanation of all, though."

## Race Driver Hollis Will Return Home

Dave Hollis, hospitalized since a July 27 stock car racing accident at the Tri-City Speedway in which he sustained severe injuries, probably will return home, this weekend, his wife told the Press-Record today.

Hollis has been a patient at Barnes Hospital, St. Louis, since suffering serious head injuries when his modified stock car overturned on a curve during a race. He will continue to recuperate at home. Mrs. Hollis said his injuries are not completely healed.

The Detroit Tigers established a major league record by playing their 12th straight game without making an error when they defeated Boston 5-4 on Aug. 7.

#### Millie & Mickey's Gets 12 Hits, Tops Spengler-Dawes 6-3 In Final Playoff Game

Millie & Mickey's banged out 12 hits, one of them a two-run homer by Charles Johanningmeier, in scoring a 6-3 decision over Spengler-Dawes Tuesday night at Wilson Park in a contest which decided the Classic Softball league playoff championship.

Jerry Voloski, who held Spengler-Dawes to three hits through six innings but needed help from Leo Six in the seventh, picked up the win against Steve Schardan, who was relieved by Alan Ement in the sixth.

Millie & Mickey's scored first on RBI Ohlander's double and an RBI single by Rich Briggs in the second, and made it 2-0 in the fourth on back-to-back two-baggers by Adrian Rains and Mike Schardan.

Homers For 4.0 Lead

Don Crabtree's infield hit started the fifth, and two outs later, Johanningmeier connected

for his four-bagger to make it 4-0.

Spengler-Dawes broke the ice in the fifth when an infield error and walk with two on followed by Schardan's sacrifice single.

Both clubs scored one run in the final two innings. Briggs and Voloski singled for M&M in the sixth, and Briggs scored on an error. The winners' sixth run came on Johanningmeier's lead-off triple and Rains' single in the seventh.

The conclusion of the final game in regular season league play this season found Millie & Mickey's claiming both the 1-2 division and playoff trophies.

Granite City high school Athletic Director Dick Yates was distributing GCES football and basketball schedule cards today, along with a reminder that one contest is listed incorrectly on the cards.

The Warriors' Sept. 20 football encounter is listed on the pocket cards as being scheduled in Madison. "Taint so," says Yates. "The game will be played in Granite City."

#### Millie & Mickey's Gets 12 Hits, Tops Spengler-Dawes 6-3 In Final Playoff Game

As it stands today, only four of the 10 Southwestern Illinois Inter-City Baseball league clubs will conclude their regular seasons on time this weekend.

The official closing date, just one week prior to the opening of the post-season playoffs—should be one important issue at least: the qualifying of a third team for the Red division playoffs.

By Sunday night Sacred Heart, Troy or Collinsville will lay claim to the playoff spot. The three are among the clubs which will have their full slate of 22 games in the record books by that time.

The Hearts took over third place in the Red standings last weekend, and can clinch a tie for that spot with a win over Collinsville in a 10 a.m. makeup game Sunday at Wilson Park.

The Boosters, in fifth place, trail the Hearts by a full game, and a losing loss would wipe out all Collinsville hopes for making the playoff round.

Sacred Heart will play its last regularly-schedule game Sunday afternoon at Carpenter. That club has already been eliminated in the Blue division playoff race, and was beaten earlier in the season by the Granite City team.

Troy Challenger

The Hearts' chief challenger is fourth-place Troy, and as it works out, the Redbirds will be at home to Collinsville in their game Sunday afternoon.

Troy and the Hearts each own eight wins; the Redbirds are a game behind the Hearts on the league side, however.

It takes a third-place finish, or better, in each division to guarantee a spot in the playoffs, which will get underway Sunday, Sept. 15.

Three of the six playoff berths have been clinched. Moose Lodge of East St. Louis and Maryville will be the 1-2 finishers in the Red division, and St. Clair Heating of East St. Louis is the uncontroled Blue division champion.

Merced Eyes Second

But Pocatontos and Mercer Funeral Home are going down to the wire in a scrap for the runner-up spot behind St. Clair.

Both will make the playoffs, but the Granite Cityans would like to finish second, since it would give them an important home field advantage in the Sept. 15 sudden death one-game playoff for the right to meet St. Clair in the following week.

Merced is matched against Maryville at Wilson Park; the Mercerites have 9-8 winners in the two teams' only previous meeting this summer.

The Braves meanwhile will host St. Clair, a team which has twice edged Pocatontos by one run.

Unplayed makeup games—Merced has a doubleheader with Moose Lodge and the Braves have yet to meet Carpenter—may have to be contested before the 2-3 spots in the Blue division are secured.

Merced and Moose Club will play one of the two games between them still on the slate at 4:30 p.m. Saturday at Wilson Park. The remaining game will be played before Sept. 15 only if it has a bearing on the playoff pairings.

The final round-up game, between St. Clair and Alwood, probably will not be played since it can have no bearing on the standings or playoff chances of any I-C club.

Sunday's sixth game, the fifth in the regular 2:30 p.m. time slot, will find Alwood visiting Moose Lodge at Jones Park in East St. Louis.

# Warriors Work To Improve Timing On Offense; Love Rejoins Squad

Granite City high school's football club got a bit of good news yesterday as the offensive team got down to the business of polishing Coach Jim Morrison's multiple offense.

Letterman guard John Love, a regular in 1962 who apparently had decided to bypass the game this fall, reported to the practice field and got into the thick of a short scrimmage almost immediately.

John reported in pretty good shape, and became the first defensive guard to bust up one of our power plays in practice this fall," Morrison said.

Muffed assignments by the offensive unit were at a minimum, Morrison said, but the Warriors are behind schedule as far as timing goes, especially in the backfield. They worked hard on the problem yesterday.

The chief item on today's practice agenda is defense in general and against an Assumption-type offense in particular. The Pioneers will be the first opponents on GCHS's nine-game schedule Sept. 14.

Morrison has words of praise for center Mike Rousseau. "We feel so sure of his ability in that position that we've switched Eric Robertson over to guard," he said. "Eric and a couple of other boys who have been moved into new jobs are a little bit behind, since they have to learn new assignments."

Pass defense is an almost daily routine with the Warriors, with Morrison working with two defensive secondary units. The older group includes Bob Pyle, Mike Mounce and Joe Hiles and the second unit has been made up of Doug Winfield, Ted Wasyak and Ethan Allen, sophomores.

## Miss McCollegan 2nd In Tri-State Diving

Seventeen-year-old Granite City diver Linda McCollegan returned this week from the Tri-State AAU swimming and diving meet in Topeka, Kan., with a second-place trophy won in three-meter board competition in the girls' 15-17 class.

Miss McCollegan was runner-up to Michelle Cockrell of Oklahoma. She was diving for the Webster Groves swim club in a meet which attracted competitors from the Ozark, Missouri Valley and Oklahoma AAU areas.

WARIOR FOOTBALL CO-CAPTAINS for 1963, elected in balloting by teammates, are senior fullback Bob Pyle (left) and senior end Ron Yates.

## Only 3 Lettermen Returning To MHS Cross-Country Squad

Only three lettermen reported to Madison high school cross-country Coach Earl McClanahan today to take physical examinations in preparation for conditioning workouts.

McClanahan has Cecil Bell, Ollie Wright and Elwood Bessman back from last fall's squad, but lost his No. 1 runner in 1962, Jerry Fleetwood. Fleetwood, a medal winner in last year's Midwest conference meet, dropped out of school this summer and joined the Marine Corps.

Also missing this fall is letterman John Summers, who picked football over cross-country.

The Trojans currently are scheduled to compete in five meets, opening the season at home on Sept. 24 with Roxana. They will run in a triangular

Bethalto will come to Madison on Oct. 15, and the Midwest cross-country competition will be held Oct. 22. Conference coaches will set the site for the run at a Sept. 17 MWC meeting.

McClanahan is keeping the week of Oct. 7 open in hopes of picking up another dual meet. Last year, the Trojans ran in the Triad Invitational during that week.

# Tavern Loop Playoffs Will Begin Sunday

Four games are scheduled Sunday morning as Tavern Loop Pitch softball teams begin three weeks of play to determine a post-season champion.

Before the first playoff round gets underway, however, Bowland and Sportsman's Club will lock horns to break a second-place tie. Both teams with 10 records behind champion Polish Hall, and are scheduled to meet at Lee Park in Venice Saturday.

The 10:30 a.m. Sunday schedule will match Polish Hall against sixth-place Madison Bowl at 12th street in Madison, fourth-place Buzz's Tavern against eighth-place Venice-Madison American Legion Post at Wilson Park, the seventh-place Home of the Blues club against the loser of Saturday's game at Lee Park, and Liberty Home against Saturday's winner at Third street in Madison.

Sunday's survivors are scheduled to clash in two games on Sept. 15, with the winners going on to the playoff championship contest Sept. 22.

## DOWNSTATE FISHERMAN'S GUIDE

By O. A. FRAZER

Weighted plastic worms fished so slowly they crawl along the bottom accounted for the most and best bass reported during the Labor Day weekend in southern Illinois waters. A 6½-pounder at Little Grassy Lake and a 5½-pounder at Devils Kitchen fell victim to the test tube night-crawlers.

Crappie fishermen, familiar with the deep down brush piles in Little Grassy took numbers of small to medium silver-sided and dock operator Gene Ittensohn said rumors were rife around the camping area someone had landed a 4-pound crappie but it was not brought to the dock for photographing.

Bluegill have retreated to the 30-foot level in Devil's Kitchen Lake, according to Cline Skelcher, and there is little or no activity for the shoreline fisherman. It takes a cooperative long worm or cricket, split shot and a long line, to probe the depths where the larger panfish currently dwell.

Trotlines or float cans did well with catfish in all southern Illinois lakes with the exception of Crab Orchard, where there was a negative report on all types of fishing. The Carbondale City Reservoir, south of town, has fallen down on bass and crappie this year but has made up for it with large catfish.

Throughout southern Illinois, in lakeside parks and along streams in the Shawnee Forest, holiday campers found ideal weather and enough fishing to make the last pre-school outings successful ventures. With the advent of cool nights and the first autumn leaves floating on the lakes and ponds, the dormant fish population should come alive and show interest in lures cast or trailed at reasonable speeds.

Holiday weekend catches reported include:

LITTLE GRASSY—Jack Holschauer of Belleville a 6½, 2½ and 2-pound bass, all on plastic worms; Chris Conley of Collinsville a 3½ and 2½ on plastic worms; Red Fischhorn of New Athens a 4 and two 2½-pounders; Ed Newman of Bethalto a 3 and two 2½; and Lou Jones of Belleville six medium-sized bass.

The crappie department at Little Grassy listed Harvey Brown of East St. Louis with 197, Bud Maher of the same city with 100 and William Flory of Clinton with 51.

DEVILS KITCHEN—A mo's Sandford of Anna a 3½ and three 3-pounders on weighted plastic worms; Ed Walton of East St. Louis nine bass up to 3½ pounds; and a Herrin fisherman, Snyder, with three bass in the 2 to 2½-pound range.

LAKE MURPHYSBORO—Bluegill and redear sunfish on worms, channel catfish on a variety of bait including minnows, and the crappie beginning to show renewed interest in shiners.

"Would you rather catch ten one-pound largemouth bass or two five-pound bass?" Without waiting for the reply that either instance would be a happy change, William Lewis, director of the Cooperative Fisheries Research Laboratory at Southern Illinois University, explained the question.

Southern Illinois lakes, Lewis said, have an average composite fish carrying capacity of 50 pounds per surface acre. Lakes in the extreme fertile agricultural areas may go as high as 800 pounds per acre and in infertile areas such as parts of the Rocky Mountains, it may drop as low as 20 pounds.

Not all of the 50 pounds represent desirable fish from the sport fisherman's standpoint, Lewis said, and not all of the desirable species are large enough to interest the angler. In southern Illinois, about 25% of the fish per surface acre are fish-eating fish (bass and crappie) and about 80% of those are catchable size. Thus, with about 10 pounds per acre of desirable catchable size fish, the biologist asks: would you fishermen prefer pondage in large packages or in several small packages?

# Trojans Plan Full Scrimmage Under Lights Friday Night

Coach Glen Pickering should have a definite idea as to his No. 1 offensive and defensive football units by the weekend. The Madison high school team has scheduled an all-out scrimmage for the club Friday evening.

The Trojans got their first taste of night work yesterday in a two-hour practice on the game field, but the session included only a brief, 10-minute scrimmage.

Tomorrow night, the team will be divided as equally as possible for a two-quarter scrimmage under game conditions. Pickering said he plans to go a third quarter, but with "about 15 boys" picked as members of the first unit.

The Big Green ran through its own offensive portfolio last night, with veteran senior Gary Skinner quarterbacking one unit and sophomore Tom Williams calling the plays for the other. Before the short scrimmage Madison backs worked on pass defense and punting, while Assistant Coach Joe Asperger put linemen through one-on-one blocking drills.

Two End Candidates: Hurting for offensive and defensive ends, Pickering said he is leaning toward two relatively inexperienced candidates, John Summers and Alton Rendell. "Both can hang onto the ball, but their defensive ability still has to be proven. Rendell, especially, shows some promise, though."

Rendell is a sophomore, and Summers is a senior who did not draw equipment last fall. Edwardsville offensive plays

### St. Peter Evening Guild Plans Events For Fall

A meeting of the Evening Guild of St. Peter Evangelical & Reformed Church, postponed due to the holiday Monday, was held Tuesday evening at the church with 30 members present.

The theme of the meeting was "Prayer, The Mightiest Force In The World," and the program was given by Mrs. Carol Venn, Mrs. Laura Taylor, Mrs. Eva Arbogast, and Mrs. Freda Bennington. It was based on a sermon by the late Peter Marshall.

Mrs. Ronice Branding, president, opened the business meeting with prayer and Mrs. Frances Knobelch reported on a party given by the group at the Alton State Hospital in July.

Plans were made for four more parties at the institution this year. Mrs. Buehler presented a case report on a child in Hong Kong whose education the Guild is financing.

Mrs. Rosemary Kabourek, chairman of the Food Fair, announced her selection of committee chairmen.

Miss Margaret Bernier, Miss Leona Wintermeyer, Mrs. Thelma Baker and Miss Alice Bohnenstiel.

After adjourning, refreshments were served by the hostesses, Mrs. Georgia Boettiger, Mrs. Margaret Bernier, Miss Leona Wintermeyer, Mrs. Thelma Baker and Miss Alice Bohnenstiel.

### Trio Units To Tour Planetarium; 4-H Leaders Honored

The Trio Unit of the Madison County Homemakers Extension Association met at the home of Mrs. Ida Hanfelder, Rural Route One, Tuesday afternoon, and during the business meeting presided over by Mrs. Edna Buehler, final plans were made for a bus tour to the Jewel Box Planetarium, Ralston Purina Co. plant and St. Louis Cathedral. Reservations for the Sept. 24 trip may be made by contacting Mrs. Ed Schilling.

Health Chairman Mrs. Katharine Roman gave the lesson on "Sleep Cheaters," and Chairman Leola Soechting reported that the 4-H club in Granite City had completed activities and reports for the 1963 club year. Mrs. Buehler thanked Mrs. Soechting and the 4-H leaders, Mrs. Shirley Schilling and Mrs. Ruth Brue for the work and time they devoted to the 4-H program.

Mrs. Caroline Moser, Mrs. Clara Schilling and Mrs. Brue were appointed on a committee to make plans for a Christmas luncheon to be held on Dec. 3.

The major lesson, "Fat-Controlled Cookery," was given by Mrs. Soechting and Mrs. Moser, who served samples of foods prepared without fat.

Mrs. Florence Rapp gave the selected subject, "Rules and Regulations Concerning the School Bus for Motorists."

Future dates announced were Oct. 20 in the extension auditorium at Edwardsville, and Homemakers Extension Meeting in Jerseyville for chairman and vice chairman.

The next meeting of the Unit will be on Oct. 9 when the group will join the Granite City Unit meeting at the Niedringhaus Memorial Church. Mrs. Elaine

## New, Two-Level Showroom For GC Auto Agency

A 55x200-foot precast concrete building, being erected for Mathews Chevrolet Co., 1511 Niedringhaus avenue, is expected to be ready in 45 construction days, according to Milton Mathews, owner of the firm.

The two-level structure with a ramp will be used for display of new and used autos and will be 100% fireproof.

Mathews said the building will have open sides at first and will be enclosed at a later date. However the ramp will be enclosed at the time of construction.

The new building is designed to replace the present display floor structure which will be used for service and parts.

About half of the first floor will be utilized for new-car display, while the second deck will be for new and used car display.

When enclosed, the new showroom will match the present building. The second deck will have a steel roof, Mathews said.

## GC Scout Relates Experiences in Greece

"I enjoyed every minute of it," said Granite City Boy Scout with an air of exuberance after having returned to the United States after an experience in international living he will probably remember all his life.

Gene H. Sternberg Jr., a 16-year-old Explorer Scout in Post Six, Cahokia Mounds Council and high school senior, flew into Chicago by jet last week on the last leg of a journey through Europe, which included an audience with newly-crowned Pope Paul VI and participation in a relay race before Crown Prince Achille, master of education; Constantine of Greece, who received a Ph.D. in education; Guy McDowell Lahr Jr., 330 Lenox avenue, master of education; Guy McDowell Lahr, 330 Lenox avenue, master of education; and Alma Louise Middleton, 3249 Carlson avenue, master of arts.

He was one of 504 Boy Scouts from all over the United States representing this country at the 11th World Jamboree, held on the plain of Marathon, on the Mediterranean sea about 25 miles northeast of Athens, Greece.

It was on this "barren, dusty plain," as Sternberg describes it, that 400 U.S. Scouts and 10,000 Athenian soldiers defeated a vastly superior force of 100,000 Persians in one of the most decisive battles in history.

The journey began for Sternberg when he traveled to Chicago, July 17, to the Valley View Scout Camp for two days of briefing. Chicago was the jumping-off point for jamboree-bound Scouts.

Selected A Patrol Leader at Valley View, Sternberg was elected a patrol leader of the eight-man Fox patrol, one of four patrols in a 32-man troop, consisting of 16 boys from each region. Two other 32-man troops represented Regions 4 and 5.

The next stop for the scouts group was Fort Slocum, N. Y., near New York City, where the scouts from the Midwest and traveling to the site of the jamboree met the rest of the U. S. bore, Sternberg said he observed in their role as good-spirited "ambassadors for the U. S."

The two-day session was "very sources," to its former great inspiration, Sternberg said. "I couldn't believe I was there, Sternberg, and a consequently it was my first taste of foreign 'the pace is slower.' He said it travel, and everything seemed a little bit different."

Two Days In London The group stayed in London for two days, touring the city and surrounding areas, including Oxford University and Shakespeare's birthplace.

On July 22, the contingent flew to London by jet. Upon arrival, Sternberg said, "I couldn't believe I was there, Sternberg, and a consequently it was my first taste of foreign 'the pace is slower.' He said it travel, and everything seemed a little bit different."

## Squires To Install, Initiate On Sept. 22

Columbian Squires Circle 785 will install officers and initiate new members on Sunday, Sept. 22, in the Knights of Columbus hall, according to plans made at a meeting Tuesday evening.

Craig Nomm will be installed to his second term as chief squire. The day's activities will begin with a corporate communion and breakfast at St. Joseph's Church at the 9:30 a.m. Mass. The circle's degree team will conduct the initiation.

Al Pranatis was elected as the notary to succeed Bonnie Hildebrand, who resigned the position as he plans to attend college.

A report was presented on the softball game of last Sunday when the Squires defeated a K. of C. team 18-17 on the Sacred Heart field. The circle will play an inter-Squires game at 5 p.m. Saturday at Pine Lawn, Mo.

The meeting was conducted by Alan Gasparovic, deputy chief squire, in the absence of Nomm.

## New GC Teachers To Be Honored At Bank Dinner

A reception and buffet dinner honoring new teachers in the Granite City school district will be held at 6:30 tonight by the Granite City Trust and Savings Bank. Location will be the bank and guest speaker will be Dr. Howard Davis of Southwestern Illinois University.

Purposes of the gathering will be to welcome the faculty members to this community, to express the local area's appreciation for teachers' efforts and its recognition of the importance of their work; and to aid those coming here from other cities in becoming acquainted with the community.

Guests will include Chamber of Commerce President Chester L. Baker and school district officials, including the school board, administrators, principals and assistant principals. An attendance of about 100 is anticipated.

Dr. Davis, who will discuss the educational field, is SWIU associate professor of education and director of student affairs.

## Two Traffic Charges

Marvin L. Little, 27, of 2301 Wilson avenue, was arrested by Granite City police at 1:40 a.m. today on charges of passing a red traffic light at 20th street and Madison avenue and speeding at 2500 Iowa street.

## Al Stevens, 10, Appears At College Inn, Sherman House, In Chicago In 2 Dance Numbers

Al Stevens, 10, 2437 State St., appeared in two dance numbers at the College Inn, Sherman House in Chicago Wednesday evening, Aug. 21. He was invited to entertain by David Romaine who conducts the orchestra nightly in the College Inn.

Al also auditioned for a theatrical agency while in Chicago and has been signed to appear in several entertainments there during the next year.

He appeared in the Mundy Opera's production of "Cypre" this season and was also in "The Red Mill" in 1960 at the age of 7.

Al is a student of the Jerry Green Dance Studio, located over the Washington Theatre Bldg., GL 1-7882. Children must be 5 years of age for enrollment.

# \$635,100 Tax Levy For Venice Schools

Up \$14,000; Budget Is Trimmed Sharply From Tentative Total

A \$635,408 tax levy for 1963 was approved Tuesday evening by the Venice board of education. The levy—\$14,849 higher than last year's \$620,559 total—is expected to result in a rate four cents higher than the present \$1.678 per \$100 assessed evaluation.

The board also adopted a \$688,432 budget for 1963-64, down \$152,567 from the tentative figure approved on July 15. The budget is also \$95,443 lower than the \$773,875 appropriation for the past year.

Supt. John O. Pier said that savings were accomplished primarily by closer study of a number of items, such as building expenses, textbooks, contractual service needs, summer administrative salaries, field trips, the driver education program, elimination of \$10,000 set aside for possible hiring of two new teachers and \$4000 for a night school program.

Levies established by the board Tuesday night are as follows: education \$466,925, up \$304; municipal retirement fund \$8057, down \$109; building \$71,496, up \$8355; transportation \$63,677, down \$444; bond and interest fund \$72,563, down \$2162; and working cash fund \$10,000, same.

Income for 1963-64 from sources other than property taxes is estimated at \$53,000 for the education fund.

## Department Budgets

Total expenditures allowed under the adopted budget, compared with the previous year's follow:

Education fund \$519,949, up \$613; building fund \$71,496, down \$109; municipal retirement fund \$8721, up \$860; bonds and interest \$60,188, down \$15,275; transportation \$15,496, up \$1279; working cash fund \$10,000, down \$70,124; and working cash fund bonds \$12,775, down \$475.

The board hired Arlan D. Roberts of Dexter, Ind., as Venice school district band instructor for the coming school year on the recommendation of Supt. Pier.

The board also named Mrs. Jewell Salwat to replace Mrs. Florence Malotte as third grade teacher in Venice elementary school. Mrs. Malotte retired last June.

## Class Vacancies Filled

It was announced by Supt. Pier that 22 Negro students who previously attended Lincoln elementary were admitted into the Venice school and 14 Negro freshmen were enrolled in Venice high school. The integration figure was reached during a special meeting of a Venice Negro segregation committee and the school board Sunday night.

Pier said that Negro students were admitted into classes where vacancies existed. Negro children who lived closest to the Venice schools were allowed to enroll there. A breakdown of the Negro enrollment in the Venice school shows 10 in the first grade, two in the third grade, five in the fourth grade and five in the seventh grade.

Board President Lester Salem said that "the recent integration is the best the board can do this year and still maintain an orderly education system and avoid disrupting the education of all children in the school district."

## Further Plans

Salem added that this is all that can be done this year but that the board will begin making plans in the near future for increased desegregation in the 1964-65 school year.

The board president called for all interested Negroes in the community to name a permanent committee to assist the board in its formulation of such policies.

About five persons from Eagle Park Acres attended the meeting and some asked why Negro students were admitted into the sixth and eighth grades at Venice school. Salem explained there were no vacancies in these grades and it would be impossible to admit any additional students in already overcrowded classrooms. The sixth grade has 46 students enrolled—36 over the desired maximum—and the eighth grade presently has 38 students—eight or 10 more than the usual maximum enrollment, he noted.

## Mrs. Davis Appointed

It was announced by Supt. Pier that Mrs. Josephine Davis, a former Lincoln high school teacher, has been named to head a new foreign language program at Venice high school this fall. Pier said all Lincoln students interested in taking a foreign language may attend Venice high school for the instruction.

The board approved repayment of \$13,177 to the working cash fund from the bond and interest fund and \$30,000 from the education fund to the working cash fund.

A transfer of \$2500 from the education fund to the revolving fund also was approved by the board, on Pier's request.

TRACK REMOVAL ALONG STATE STREET continues under a motor fuel tax project and a contract award to A. H. Seebold Co. The work is progressing in the 2000 block (above) and also in the 2100 and 2200 blocks. The removal of the old, abandoned Illinois Terminal Railroad Co.

trolley tracks will be complete for the entire length of State street when the project is finished. The rails still remain along portions of Niedringhaus avenue, Adams street, 23rd street and Madison avenue.

## Man Seeking Kittens To Avoid Rabies Shots

Clarence Hirschi, 2665 Washington avenue, is in urgent need of locating two kittens which have been seen in his neighborhood in recent weeks. If he does not find them soon, he will have to start taking the long and painful series of anti-rabies shots.

Hirschi was bitten on the left thumb by one of the kittens in his garage Aug. 21. Each of the kittens, about two months old, has light grey and dark grey areas in its fur.

Anyone knowing of the kittens' whereabouts is being asked to contact Hirschi at the Washington avenue address or TR 7-5883. If it is determined that they do not have rabies, he can avoid the shots.

## Atty. and Mrs. Jos. Steele Observe 50th Anniversary

Attorney and Mrs. Joseph C. Steele, 3013 Washington avenue, observed the fiftieth anniversary of their marriage at two receptions this week at the home of their son-in-law and daughter, Assistant States Attorney and Mrs. Joseph Bartylak, 110 Skyview lane, Collinsville.

Mr. and Mrs. Steele, who have lived here for many years, were married at the home of Mrs. Steele's parents in Junker Hill, Ill. The former Marie Heintz, she was a teacher in the Granite City schools before her marriage.

Beside the daughter at whose home the receptions were held, they have three grandchildren, Miss Constance Bartylak, a student at The Principia at Elmhurst, and three sons, Joseph, Jr., and two daughters, all in the Granite City schools.

And Miss Diane Bartylak, both of whom assisted at the tea tables, and a grandson, Joseph Richard Bartylak III.

The rooms of the home were ablaze with flowers, all in shades of yellow and gold, many of them gifts from friends. Arrangements of yellow roses and mums adorned the tables which held two large wedding cakes.

Among those from out-of-town attending the observance were Mr. and Mrs. Harold Weige of Cincinnati, O., and Robert Chase of Rye, N. Y. Several of the guests from this area are former pupils of Mrs. Steele.

### VISIT IN KENTUCKY

Mr. and Mrs. Alex Bason and children, Mike and LeDon, Mrs. Sherry Santacruz and son, Keith, and Mrs. Peggy Fricker, spent the weekend and Labor Day in Louisville, Ky., visiting Mr. Bason's brother-in-law and sister, Mr. and Mrs. Lowell Gorman and family.

### VISITS SISTERS HERE

Mrs. George Furnish has returned to her home near Anna, Ill., after several days visit with her sisters, Mrs. J. E. West and Mrs. Pearl Campbell of Edison avenue. Mrs. Furnish is a former Granite City girl.

ATTY. AND MRS. JOSEPH C. STEELE, 3013 Washington avenue, who observed the fiftieth anniversary of their marriage this week at an afternoon and evening reception in the home of their son-in-law and daughter, Attorney and Mrs. Joseph R. Bartylak, in Collinsville.

## Township Road Budget Altered, Then Approved

Nameold township formally and finally adopted its road and bridge budget Tuesday evening at a meeting of the township board of auditors, but a slight alteration was made in one of the four funds before adoption.

The alteration left the total appropriation of \$63,227 for all four funds unchanged, and also unchanged was the total appropriation of the fund affected—the \$38,085 road fund.

At the request of Township Supervisor Harry A. Briggs, the \$100 sum set aside for legal services under the administration section of the road fund was increased to \$500. But in order to keep the total appropriation unchanged the \$100 sum set aside for contingencies was decreased by \$400.

**Available If Needed**  
"We never know what type of court case will come up or how expensive it will be," said Briggs in explaining his reasons for his request for the increase in legal services, "and we hardly ever dip into the contingency fund."

"We may not use the entire sum for legal services," added Briggs, "but we'll have it if we need it."

In other action at the meeting, Highway Commissioner Charles Hanks presented a request to the board for the same \$38,085 amount for the road fund to be appropriated for the fiscal year beginning Sept. 2, 1964, and ending Sept. 1, 1965.

But Hanks requested a tax levy for road and bridge purposes — 150 per cent of assessed valuation, about the same as last year's 167 per cent.

A letter to Highway Commissioner Hanks from Thomas Stalcoff, president of the Villages of Pontoon Beach, was read to the board by Supervisor Briggs. In the letter, Stalcoff praised Hanks for the "splendid job of maintaining the roads of our village." Stalcoff said that it is "most heartwarming to know" that there exists between the township and the village a "mutual understanding." He cited the fact that residents of the village were relieved of a tax burden because the roads were being maintained by the township.

After the meeting adjourned, members of the board began to audit the township books. The next regular meeting will be held Monday, Sept. 9.

## GC Rotarians Told Of Huge Nestle Operation

The huge worldwide operation of the Nestle Co. and how the Granite City plants fits into the total picture was the topic of a talk given by Howard Wellman, manager of the Granite City plant, at a Rotary Club meeting Tuesday at the YMCA.

Worldwide, the Nestle Co. employs 78,000 persons in 183 plants in 33 countries, said Wellman. Sales organizations are maintained in 150 countries.

At the Granite City plant, where 30 million cups of coffee are made every week, a hiring program will be complete in about 10 days. At that time, the plant will have a staff of 100 hourly and supervisory workers. The plant operates around the clock five days a week.

A 10-minute question-answer period followed Wellman's speech. Forty-four Rotarians were present at the meeting, which was presided over by James C. Louis, president. The program was arranged by Harlan Dobry.

## Teachers' Retirement Board To Honor Wilkins

George T. Wilkins' role in the history of the Illinois Teachers' Retirement Board will be cited at a dinner honoring the former state school superintendent and his wife at 7 p.m. Tuesday, Sept. 10, at the Sunset Hill Holiday Inn.

Officials of the retirement system will come here for the event. Wilkins, now on the Southwestern Illinois University faculty, is cited with doubling the retirement funds during his tenure as state superintendent and with obtaining an increase of almost 1% in interest being received.

## Driver Slides Into Car

An auto driven by Dolores M. Garos, 32, of 2108 Clark avenue, slid into the rear of a car driven by Henry B. Pille, 59, of 2316 Miracle avenue, who had stopped for traffic at John and Nameold roads at 1:20 p.m. Tuesday. The right rear of Pille's car and the front and bumper of the Garos vehicle were damaged.

## Man Fined \$10, Costs

Roy Wiggins, 42, of 2122 Benton street, was fined \$10 and costs Tuesday by Police Magistrate Gasparovic. He pleaded guilty to charges of being drunk, creating a disturbance and using profane language.

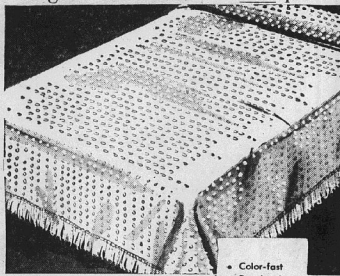

## Disturbance Arrests

Venice police charged an Engineer Depot soldier, Albert H. Laster, 33, and his wife, Gladys, 29, with fighting and peace disturbance at their apartment, 176 Lee Wright Homes, at 10:20 p.m. Tuesday. Each was released yesterday to return for a hearing Saturday afternoon.

### Henley Heads Group For McKendree Fund Drive

Ray Henley of Granite City, head of the East St. Louis district of the Methodist Church, is chairman of a campaign selected to raise funds for an academic building on the campus of McKendree College, Lebanon.

The campaign goal is \$500,000, and Henley's group will seek to obtain \$100,000 from persons and business establishments outside the churches.

Preliminary phase of the campaign is underway today with pastors of 464 Methodist churches in the Southern Illinois conference becoming involved in the challenge of raising \$300,000 of the goal.

If churches and others contribute \$400,000, the general board of education of the Methodist Church is expected to donate \$100,000. The college, established in 1828, is affiliated with the Methodist Church. The campaign committee is headed by

GUEST SPEAKER, Rev. Grover Kagy, director of promotion and education of the St. Louis Baptist Association, who will address "A" night services at Third Baptist Church here Monday evening.

### 2 State Officials To Speak To Labor Group

Plans for visits here by two state officials were made during last night's meeting of the Tri-City Trades and Labor Council at the Labor Temple with 57 delegates present.

Edwin Reiske, president, said Samuel Bernstein, Chicago, who is director of workers' compensation for the state, will visit the labor council meeting on Sept. 16 to answer questions. He will be at the Labor Temple at 6:30 p.m.

At the Oct. 16 Labor Council meeting, the guest speaker will be Robert Hershey, state director of insurance.

Dr. H. G. Hurley, Carbonate district superintendent, and Rev. Billy Haha of Collinsville, former Quad-City minister.

The college recently completed a \$100,000 fund drive which was oversubscribed by \$30,000.

DISCUSSING PLANS for the Tri-Cities Chamber of Commerce's 18th annual agricultural-business dinner are members of the Chamber's agricultural committee. Seated from left are: Irby B. Todd, Howard W. ## Chain Of Rocks Freight Tops Three Million Mark

A total of 3,002,595 tons of freight passed through the Chain of Rocks locks during August, the third time this year that it passed the three million mark, according to the Army Corps of Engineers.

It also set the total for the year up to 20,013,227, an increase over the 18,733,213 figure for the first eight months of last year. The tonnage for August of last year was 2,725,015.

The increase in barge traffic here reflects a general trend in the Mississippi river system, including its tributaries, since world war II.

Types of commercial traffic, listing upstream and downstream tonnage in order, include:

Petroleum products, 5,002,600 up and 243,350 down; grain, 20,500 up and 993,850 down; coal, \$58,800 up only; cement, sand and gravel, 50,800 up and 29,200 down; sulphur, 42,900 up only; miscellaneous commodities, 271,150 up and 50,820 down; iron and steel products, 23,750 up and 24,100 down; chemicals, 10,975 up and 28,300 down; totals, 1,572,425 up and 1,429,670 down.

Commercial towboats and 3437 barges, 196 U.S. contractor boats, 396 private recreation boats, 12 U.S. towboats, 42 federal barges, three construction boats and eight patrol boats. There was a total of 4857 vessels handled in 942 lockages.

So far during the year the traffic has included 30,035 vessels handled in 5860 lockages, compared to 29,731 vessels and 6293 lockages for the first eight months of last year.

Lockages in August of last year totaled 1014, showing that it requires fewer lockages for the greater traffic rate.

Types of commercial traffic, listing upstream and downstream tonnage in order, include:

Petroleum products, 5,002,600 up and 243,350 down; grain, 20,500 up and 993,850 down; coal, \$58,800 up only; cement, sand and gravel, 50,800 up and 29,200 down; sulphur, 42,900 up only; miscellaneous commodities, 271,150 up and 50,820 down; iron and steel products, 23,750 up and 24,100 down; chemicals, 10,975 up and 28,300 down; totals, 1,572,425 up and 1,429,670 down.

### \$1255 Contract For Walks At Kirkpatrick

A \$1255 low bid from Ellsworth Construction Co., Granite City, was accepted by the Granite City Housing Authority board Tuesday night on installing side-walks and concrete entrance slabs at Kirkpatrick Homes apartments. C. H. Sternberg and Co., Granite City, bid \$1410.

Efforts to qualify for a second 100 apartments for elderly Granite Cityans were discussed during the monthly session, which was presided over by Chairman Walter Pfaff.

A special meeting was called for next Friday, Sept. 13, when bids will be opened on replacing kitchen cabinets in all 451 Kirkpatrick Homes units.

### \$54,000 Sales Taxes For County In Third Of Year

The Madison county government's share of county sales tax collection topped \$54,000 during the first four months of 1963, latest figures announced by the Illinois Department of Revenue showed this week.

Revenue from the half-cent-a-dollar tax returned to the county treasury amounted to \$13,052 for January, \$14,478 for February, \$16,199 for March, and \$13,285 for April, a total of \$54,015. Since the tax became effective in this county Oct. 1, 1959, receipts have totaled \$546,446.

The March figure was higher than last year because it included two months of motor vehicle and boat sales, due to new regulations requiring that the tax be paid before issuing the registration or title of a vehicle or boat.

The most recent tally of \$13,052 for April compares to \$12,947 in April 1962, \$13,185 in April 1961 and \$11,105 in April 1960.

### West Side Church Will Build Educational Unit

Plans for a new educational building for the West Side Church of Christ, 2825 Maryville road, were announced this week by the minister, Ralph R. Ellsworth.

Building plans call for the construction of a 5500 square

foot, one-story brick veneer structure of contemporary design will be financed through the sale of \$40,000 in six percent, secured ABC Plan real estate bonds.

Sale of the bonds to members and friends of the church will get under way immediately under the direction of Carl King and Dr. Mark Richards, state director for A. B. Culbertson Trust Co.

Members of the building committee include John Leatherman, Everett Wortham, Carl King and Carlos Harmon. The architect is Lee Spotswood of Ferguson, Mo.

Gargac Begins Three-Year Service In Navy

Donald Gargac, 25, who has enlisted in the Navy, left Tuesday for the Great Lakes, Ill., Naval Training Station. He will serve a three-year enlistment.

A June 1958 graduate of Granite City high school, he is the son of Mr. and Mrs. Stephen Gargac, 4500 Edwardsville road. His wife, the former Mary Ann Mikulas, resides in Granite City.

# Retail Clerks Begin Contract Negotiations

Representatives of Retail Store Employees Union, Local 405, and downtown soft-goods stores are to meet today at 2 p.m. in the union office to discuss terms for the first of four new contracts to be negotiated within the next few weeks with area stores. All four contracts which the 350-member local has with local stores are due to expire Oct. 1st. Separate contracts will be negotiated with the soft-goods retail stores, chain food stores, drug stores and furniture stores. All members of the local will attend a general meeting Friday at 10 p.m. at the Labor Temple

# Thiefs From Used Cars

Two automobile agencies Tuesday reported vandalism and thefts from used cars during the weekend. Aerials on three cars were broken at Maddox Motors, 4100 N. Main, where a battery was taken and windshield wipers broken on another. At Tri-City Motors, 1725 Madison avenue, a steering wheel was taken from a 1959 auto, a generator from a '55 model and two spinner hubcaps from a '59 sports car.

# 4 Traffic Accident Injuries This Week

Injuries were sustained by four persons in three of nine accidents involving motor vehicles, occurring since noon Tuesday. Two women were injured at about 12:30 p.m. Tuesday when an auto slipped on wet tracks at the 16th street and Madison avenue rail crossing and then skidded off of the pavement and into a utility pole. The wooden pole snapped about halfway up. Hurt were Mrs. Violet C. Kasabaum, 54, of 1728 Madison avenue, the driver, and Mrs. Earl L. Jones, 50, of Kennore, N. Y. Mrs. Jones, who was admitted to St. Elizabeth Hospital, had a swelling of the left leg and contusions and complained of chest pains. X-rays were taken. She was reported to be in good condition.

# 55,300 Swim In Park Pool During Summer

More than 55,300 aquatic-minded Quad-Cityans paid admission to the Wilson Park swimming pool this summer. It was reported this week by Harold Brown, park district superintendent and recreation director. The total attendance figure, which accounted for gross receipts totaling \$13,706—shows an increase of 3960 over the 51,351 persons who used the park's swimming facilities last summer. According to Brown, the receipts were \$1016 higher than last year's \$12,690, total and \$1660 short of the gross receipts record set in 1960. Although the pool did not break any total attendance or receipt records it did set records for the largest single-day attendance, largest two-day attendance and the most days the pool attendance reached the 1000 mark. **Top Days In June** The largest single-day attendance was recorded on Saturday, June 8, when 1700 persons passed through the pool's gates and the largest two-day record was set Saturday and Sunday, June 8-9 when 3100 Quad-Cityans used the pool facilities. This year pool attendance reached the 1000 mark 12 times compared with 13 in 1960 and six last year. In addition to the paying customers who found the pool to be a refreshing way to beat the summer heat, 700 youngsters and adults were enrolled in the pool's "Learn to swim" classes sponsored by the local Red Cross. "Because of the tremendous response to the Red Cross program," said Brown, "we had to expand it to two six-week sessions from the regular single six-week session." Brown pointed out that only 400 persons attended the classes last summer. The pool closed Labor Day and will not reopen until next June. "We've got to give it a little rest," said the pleased park superintendent.

# Madison Runaway Boy Loses Clothes, Cash

An 11-year-old Madison boy who had run away from home during the weekend was back today, undoubtedly convinced that he will never do it again. During his adventure he wound up in a farm field north of O'Fallon—completely in the nude—then in St. Elizabeth's Hospital at Belleville. He was treated for bruises and lacerations. He told investigating officers from the St. Clair county sheriff's office that he got into an argument at home last Friday night, took \$92 from his mother's purse and decided to run away. He stopped at a restaurant north of the East St. Louis city limits, where he said a man offered "to take you away before the police get you."

# Registration Begins For Steel Institute

Registration is in progress this week at Granite City high school (Rooms 147-149) for Steel Institute classes scheduled to begin Sept. 10. Granite City Steel Co. employees may register between 9 a.m. and 4:30 p.m. and between 6 p.m. and 9:30 p.m. through tomorrow and again on Monday, Sept. 9. The institute, a new program, will offer mathematics, chemistry, survey of steelmaking, production and maintenance practices, communications, metallurgy, physics of mechanics and general education review course, plus electives. Financial sponsor of the free classes is Granite City Steel.

# Area Banks, Merchants Alerted To Bogus Bills

Area merchants and bankers have been alerted by the St. Louis field office of the U. S. Secret Service to be on the lookout for counterfeit \$5 bills being passed in St. Louis area, mainly in grocery stores, taverns and service stations. Special Agent Garry W. Stigall, in charge of the St. Louis Secret Service office, said that more than 100 of the bogus \$5 bills have turned up in recent weeks. But thus far only one counterfeit bill has been reported in the Quad-cities. It was discovered last week by Joann Edwards, a teller at First Granite City National Bank. Stigall said the bills are being passed cautiously and are not flooding the area. He said the bills are Federal Reserve notes on the Federal Reserve Bank of Chicago. They are of the 1950B series and bear the serial number G74476346C. The bills are "only moderately deceptive," said Stigall, and are inferior in the quality of the portrait, scroll and reverse side. The bill which was discovered at the First Bank, was a silver color and was similar to the \$5 bill which was dark and spotted, said Pitman, and the lines were broken.

#### John Naeve's Brother

Dies At 67 in Alton

Charles Naeve, 67, Alton, a brother of John Naeve of Granite City, died Sunday at his home. He had been in ill health since 1951.

Mr. Naeve was an employee of the Olin Mathieson Chemical Corp. for 43 years. Other survivors include a daughter, a son, two sisters, another brother and five grandchildren. Funeral services were held this morning at Banker Hill, where Mr. Naeve was born.

**DUV WAR MEMORIAL DEDICATION**—Cong. Melvin Price (center with dark suit) is welcomed to memorial ceremonies at the Granite City fire department grounds by Mrs. Violet Kassabaum of Tent 92, Daughters of Union Veterans of the Civil War. Cong. Price was the program's principal speaker and dedicated the DUV flower bed memorial. An honor guard group from the GC Army Depot (left) escorted him to the grounds. At right (in dark uniforms) is a color guard unit from Venice-Madison American Legion Post 307.

### GC Bill List, Half-Month Payroll Total \$66,203

A \$32,653 bill list and half-month salaries totaling \$34,150 were approved Tuesday night by Granite City council members. Separated from the bills to await an opinion from City Atty. George Filcoff Jr. was a \$100 reimbursement to E. R. Rich, city treasurer and tax collector.

The separation was requested by Alderman Paul Rudge, chairman of the Finance committee. Rich told the Press-Record the \$100 in shortages occurred during the rush of collections and that he had made up the difference in order to maintain daily bank deposits. He added that the policy of reimbursing the collector had been followed in the past.

**Other Items**  
Other items on the bill list questioned by aldermen, but given approval, were two disbursements charged to parking meters, purchase of furniture for the police chief's office, the \$24 purchase of building code manuals and \$60 purchase of a one-ton, used air-conditioning window unit.

The parking meter expenses, explained by Comptroller John Doehrer, were \$51 paid to Delbert Lampher for repairing portable electric traffic signals—an expense charged out to the meters, and \$92 paid to M. H. Rhodes

for repairs to meter clock-works.  
The office furnishings, costing \$830, were bought during the past fiscal year from Triangle Typewriter and Supply Co. It was suggested that in the future the City Hall committee call for bids.

**Codes To Be Sold**  
The \$24 expenditure for code books of the Building Officials Conference of America, Inc. was authorized last month. The building code books are to be sold to contractors and interested individuals. They are copies of the updated building codes approved by the council in August.

The used air-conditioner was purchased from Norma Melrum for use in the street department office. Street Supt. William Warfield was called upon for an explanation and said he had talked to the mayor and comptroller. It was purchased from the street department supply account.

Cost of maintaining city equipment and for fuel and parts totaled \$2229.  
\$17,075 For State Street  
Largest item on the bill list was \$17,075 paid to A. H. Seebold Co. for estimate two on the motor fuel tax project to remove oldrolley rails from State street.

East St. Louis & Interurban Water Co. was paid \$1439 for August rental charges at \$44 each for 348 fire hydrants; and \$82 was paid to Grand Cafe to supply 83 meals to city jail prisoners during August. Settlement of a workmen's compensation claim for William Fricke, city street department employee injured several years ago on the job amounted to \$6793. It was paid from the interest and judgment account.

Expense allowances on the bill list were \$188 for Mayor Davis, \$13.27 for Alderman William McGee, \$30 for Alderman Charles Moerlein and \$30 for Alderman Edmund Bactoski. The mayor did not give an itemized breakdown, nor did Moerlein. McGee listed \$2.40 for 24 miles transportation at 10 cents a mile and \$10.87 for filing folders. Bactoski listed auto, gasoline, telephone and incidentals.

### GC Relief, Town Disbursements Total \$6717

General assistance and town fund disbursements approved Tuesday night by Granite City council members amounted to \$6717, including \$5601 for relief and \$1116 for town purposes.  
Relief disbursements were \$2731 for food, \$80 for medical care, \$250 for rent and \$342 for utilities. Administrative costs were \$75 for office rent, \$1690 for interest on a tax anticipation warrant, \$9 utilities for office, \$17 for office supplies and \$345 half-month salaries for office employees.

Town fund expenditures were \$264 for two deputy assessors, \$20 for assessor office supplies, \$30 for assessor office utilities, \$75 for assessor office rent and \$16 for janitor service. Half-month salaries amounted to \$882 for the supervisor, assessor and chief deputy assessor.

**Monthly Financial Report**  
The August monthly financial reports for the town fund and general assistance fund were submitted to the council by Supervisor Nelson Hagmayer. The city council serves as the town board of auditors.

The general assistance fund started the month with a \$2500 balance. Two distributions of 1962 taxes and two reimbursements increased the total to \$110,078. Disbursements amounted to \$69,090, leaving a balance of \$41,068 on Aug. 31.

The tax distributions totaled \$107,207.  
The monthly report for the town fund showed a \$4168 balance on Aug. 1. Income from tax distributions totaled \$22,729 and disbursements totaled \$3816, leaving an Aug. 31 balance of \$25,144.

Yesterday was Governor's Day at the Madison county fair. Governor Homer was the guest of honor, and two of the others who took turns as orators for the Democratic cause were Scott Lewis, nominee for senator, and Louis Lewis, nominee for state treasurer.

All the county candidates were in the speaker's stand and all were presented in their turn to the large and attentive audience.

At the meeting of the Rotary club at the YMCA Tuesday, Arthur Varnum, son of Mr. and Mrs. Earl Varnum, was the speaker. He is soon beginning his third year at Annapolis Naval Academy, after this was the second time he had talked to the Rotary club about the Navy and the Academy.

He was introduced by Frank Mercer, chairman of the club, who began his program month with one about the Navy and ended his series with a Navy program. Richard Kerch was a guest of the club with Arthur Varnum.

In his talk, he gave experiences which have fallen to him during his second year, and related facts about the cruises. He also told a humorous incident. Mrs. Hoelcher was called upon for a brief account of his vacation and responded with details of his trip.

The first of a series of WPA free opentime hand concerts, being sponsored by Supervisor Joseph Grenzer and Mayor J. E. Lee for entertainment of residents of Venice and Madison during the fall season took place Monday evening on the lawn in front of the Venice City Hall. The concert was greatly enjoyed by several hundred people.

The band is composed of about 30 pieces and is under the direction of Charles Schlecta. Supervisor Grenzer and Mayor Lee announced that the concerts will be continued at regular intervals in both cities throughout the fall months as long as the weather remains favorable for open-air concerts.

The Madison recreational center, which will bring to a close its summer schedule today, will conclude its activities with a program beginning at 5:30 o'clock this evening.

The second game of a championship series will be played by the N.E.A. of One and the McKinnon Addition club of League Two. A variety program will follow and will consist of about 20 minutes of dancing and comedy. There will be a "quiz" and winning contestants will be given merchandise prizes.

### LAW, CONSTITUTION BEING OVERSTRESSED

To the Editor:

In replies to letters on the integration issue and Communism, comments and opinions have been heard or not of legal authority in expressing the truth. But who is to be the authority? Hoover and members of the Senate Un-American Investigating Committee common law.

Is it not a fact that a great number of our top movie actors are known Communists? Are they not members and leaders of demonstrations?

Why did the Kennedys make a mockery out of the U. S. Supreme Court by oversteering the wording of the Constitution? Law is law if it is constitutional. The unwritten law of the Kennedy clan is a farce and a political fallacy in my book.

Did any past president ever in the history of this country spend \$34 million enrolling a student in any type of college? At the same time, nearly \$4 million unemployed people are walking the streets, many of them going to bed hungry.

I am not opposed to the colored. I fought their battles for equality during the depression days. I have many loyal colored friends. But with the present setup and demands of the NAACP, I see the need for seeking another way to help the colored.

### RETAIN BAN ON ALCOHOL IN PARK

A comment on the letter Aug. 26, "Citizens' Support for the Next Homecoming." This concerned the recent Jaycees' homecoming, and the people of the park. Mrs. Dick believes that the location contributed to its lack of success.

As is known by most Granite City citizens, our park has a standing rule that there will be no drinking of alcoholic beverages in the park. We are proud of our park district and believe Wilson Park is one of the most beautiful spots in Granite City.

Mrs. Dick also states that she thinks this rule about the park for certain occasions. If this is the case, this letter will be a

Among the late vacationists turning to Granite City is Mrs. Lillie Stille, who for the past month has been enjoying the scenic delights of the west. Her literary interests include Banff, Lake Louise, Vancouver, and Spokane, Wash.; Portland, Ore.; San Francisco and Los Angeles, Calif.; El Paso, Tex.; Juarez, Mex.; and numerous other places of interest.

The Madison branch of the Parker funeral home, located at 1007 Madison avenue, was discontinued yesterday, and all mortuary and ambulance service will be conducted at the Granite City establishment at 21st street and Cleveland boulevard.

William Parker, proprietor of the funeral home, ended the business about seven years ago at the Madison branch, and in a comparatively short time expanded and opened a mortuary in Granite City.

Mrs. George Tirpak of Madison and her sister, Katherine Selkors, are leaving tomorrow morning for a week's visit with relatives and friends in Chicago.

Mrs. John Meisenheimer of Mitchell was another of the club members of the Madison branch. Members of the July Circle pinelake club were her guests at the Madison branch. Mrs. Joe Vrenick and Mrs. George Mueller. The consolation favor went to Mrs. Rex Anderson.

Mr. and Mrs. Grover Dawson have just returned from their vacation, which they spent this year in Mexico. Among the cities included in their tour were Mexico City, Orizaba, Tuxtepec, Taxco, and many other places. The trip lasted slightly more than two weeks.

At a birthday party given for Joyce Ann Batsos, were Alan and John Buder, Peter Woods, Larry and Patsy Lee Batsos, Vernon Wilson, Jackie Ellen, Mrs. J. E. Batsos, Frances and Geraldine Allen, Barbara Ellen Reading, Athlete Taylor, Mrs. J. E. Batsos, Mildred Mary Bayer, Jo Ann Robertson, Billy Joe Dagie, Robert Smith, and James Snipes.

James Lee Heineman, son of Mr. and Mrs. Heineman, 2533 Hodges avenue, celebrated his third birthday with a party Monday evening. The following guests were present: Mrs. Walter Andrews, Mr. and Mrs. Harry Crouch, Mrs. Elizabeth Heineman, Miss Elizabeth Heineman, Miss Edith Engelmann, Miss Helen Heineman, and Miss Margaret Mollenbrock.

Readers are invited to contribute to this column. Name and address must accompany each communication. The identity of author will not be revealed in any case. Letters should be 250 words or less.

do me, the rule would be of no effect, because it would have to be lifted for all who requested it. This is the only park in our area where Christians enjoy an outing or even a homecoming without fear of being disturbed by alcohol or other sins.

As Christians, I am writing about born-again believers, not just church members who do not associate themselves with such.

### CONSTRUCTION JOBS LOST TO MOONLIGHTERS

To the Editor:

I have a letter which has been considered for printing in your Forum column. It might sound like just another gripe. If it does, so be it.

Integration has forced employers to hire Negroes in their firms and because of her belief in the Negro, just as much as the white race, and unable to find work, the reason it seems men working in the factories are not satisfied with a steady income. It seems they have to scab on the white race. The white race is taking advantage of a four-year apprenticeship.

If a factory worker can build his home in his spare time, to live in for years to come, then why not let him build his house to sell or cabinets or scab on the white race. It is another story. I think it's high time for these plant union leaders to lay it on the line for them—to either be a

### Club Prepares For Flea Market

Preparations are underway by the Granite City Junior Service Club for the annual Flea Market to be held Sept. 28 on the Granite City Trust and Savings Bank lot.

GO TO CHURCH SUNDAY

ASSEMBLING PARCELS at the Glen Romine home for the Flea Market to be held by the Granite City Junior Service Club Sept. 28 are Vicki Ann Kirchoff and Jo Lynn Roman in front row and in the second row, left to right, are Mrs. Ted Vrenick, chairman of the affair, Mrs. Kiril Kirchoff and Mrs. Ruth Houser, committee members.

### FORWARD MARCH

The past is a part of life, but it's the today's and tomorrow's success—they tend to strengthen that really count.

### SELF-CONFIDENCE

Friends are a necessity for it's the today's and tomorrow's success—they tend to strengthen a man's weak points.

## Two Suits Of GC Origin Appealed To Ill. Supreme Court

(Special from Springfield)

A \$68,000 personal injury  
suit by a railroad employee, in-  
volving a question as to whether  
the city court of Granite City  
has venue, features an appeal  
from Madison county before the  
state Supreme Court which con-  
venes next Monday.

The Granite City case is be-  
fore the high court on a motion  
by Southern Railroad Co. which  
challenges venue by city court  
to try a suit by Paul F. Estes  
Jr. of Knoxville, Tenn., for dan-  
ages because of injuries suffered  
in the railroad's Knoxville,  
Tenn., yard on July 6, 1959.

Estes, a car helper, said his  
injuries were caused when he  
fell and tripped over a hold door  
end of a gondola car.

The railroad appeal is from  
the lower court's dismissal of a  
motion to transfer the case to  
an Illinois circuit court because  
it does not have a railroad op-  
eration in Granite City. The  
lower court held it had jurisdic-  
tion because the company main-  
tained a shipping contact, simi-  
lar to such contacts in other  
states. The suit was filed May 7,  
1962, under the Federal Employ-  
ers Liability Act.

From the Madison county cir-  
cuit court is a suit which held  
for Hal Painter Jr. and against  
William E. Charlton.

Painted sued for \$25,000 for  
injuries suffered in an automo-  
bile accident at East 24th street  
and Nameoki road on Nov. 24,  
1959. He claimed Charlton's car  
hit him from behind as he waited  
to make a left turn and was  
awarded \$7500 on Oct. 2, 1962.  
The case will be argued on  
the civil docket Sept. 24.

## \$1180 Low Bid To Repair 20th, Benton

A contract to repair and resurface the 20th and Benton street intersection was awarded Tuesday night by Granite City Council members to Holland Asphalt Co., East St. Louis, on its low bid of \$1180.

Other bidders were A. H. Sebold Co., \$1345 and modern Asphalt Co., East St. Louis, \$1300.

The project is to be financed from the annual payment of about \$1500 from the state for maintenance of state highways in the city. Twentieth street carries U. S. Highway 67A.

The contractor is to adjust a manhole, level the intersection and resurface it with asphalt.

## Recreation Program Kickoff

## Community Center Open House, Dance Next Week

An open house and dance on Friday, Sept. 13, will signal the beginning of a revamped program at the Granite City park district's community center at 822 Niedringhaus avenue.

Alfred primarily at the recreational interests of younger persons, but containing activities for almost any age group, the fall and winter program is being planned by the center's new director John Birdsong.

A recreation specialist for the past 6 1/2 years, with 2 1/2 years spent as director of Dodson Lake Park in Houston, Tex., and four years with U. S. Air Force special services in the Far East, Birdsong will work with a four-member staff at the center.

**Staff Members**  
Included are Miss Gloria Bielnicki, who will have charge of tumbling, trampolines and gymnastics for novices; Miss Judy Bachelder, who will direct girls' club activities; Pete Robinson, who will have charge of adult classes; and Walt Whitaker, who will instruct classes in boys' wrestling.

The open house and dance next Friday from 8 to 11 p.m. will be designed to familiarize people with the types of activities to be made available to them in a program which will begin a regular schedule the following Monday, Sept. 16, Birdsong said.

The center will be busy from about 1 p.m. to 10 p.m. Mondays through Fridays during the fall and winter, with Saturday activities in run morning and afternoon.

Youngest participants will be four and five-year-old children who enroll in a pre-school program of songs, games and skits which will be held Monday Wednesdays and Fridays from 1:15 to 3:15 p.m.

**Dog Training Class**  
A dog training class is among new features this year. Dogs must be six months of age or older and owners must be 15 or older. The Thursday evening class is designed to help owners of dogs of any breed teach their pets obedience. A collar and leash will be required of the owners.

Wrestling instruction, practical application and competition is planned for boys in the first grade through junior high school age, who will be divided into groups according to size and age.

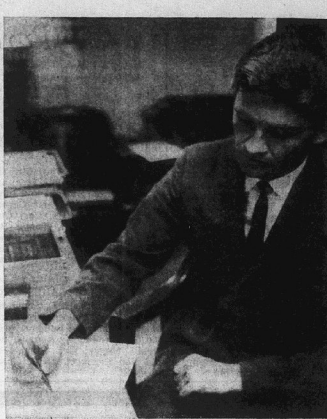

**City To Install 14 New Street Lights**  
A resolution calling for installation of 14 new street lights was authorized Tuesday night by Granite City council members on a recommendation by Steve Basarich, Light committee chairman.

The resolution is to be prepared by City Atty. George Filcoff Jr.

The locations listed were two on McKinley avenue in West Granite to be between West 20th street and Denver street and between Cayuga street and Denver street; on 17th street between Cleveland blvd. and Delmar avenue.

In the Nameoki area at 1716 Garfield avenue, 12 Devon Hill lane, 2317 Cardinal avenue, 2209 Cardinal avenue, at Delta and National avenues, 2341 Delta avenue and 2817 Saratoga avenue.

Four others are to be located in the new Anchorage housing development for the elderly.

**JOHN BIRDSONG**, new director of the park district community center, checks the schedule of fall and winter offerings which are a part of a program set to begin Monday, Sept. 16.

**Navymen Wm. Patton Jr. On Mediterranean Duty**  
William L. Patton Jr., radarman third class, U. S. Navy, son of Mr. and Mrs. William L. Patton sr., of 3510 Terrace lane, is serving aboard the destroyer USS James C. Owens, currently on four months deployment with the Sixth Fleet in the Mediterranean.

The Owens visited Naples, Italy, Saturday on the first leg of the Mediterranean tour. In addition to her normal operating schedule as a Sixth Fleet unit, the Owens is among several U. S. destroyers carrying clothing and books donated by "Project Handicap," organized to help needy people of countries visited by U. S. ships as part of the President's "people-to-people" program. The Owens will deliver materials to people in several Mediterranean countries.

## Penningroth Firm Does Not Own 18th St. Property

The Orrington Investment Co., St. Louis, advised the Press-Record this week that a city listing of ownership of property being considered for condemnation was in error last Thursday.

The property—a four-family flat at 1416 Eighteenth street, had been owned by the late Lewis Penningroth, but his firm has not owned it for a number of years. The notification was received from L. K. Penningroth, executive vice-president of Orrington Investment Co.

## Sewer Tap-On At 1701 Bremen Refused By City

Rejected Tuesday night by Granite City council members was a request from Louis Valencia for a sanitary sewer tap-on for a new home at 1701 Bremen avenue which is outside the city limits.

It was pointed out that refusal of tap-ons has been the policy in the past few years because of difficulties encountered with sewer breakers.

RECREATION ACTIVITIES are an important part of the Salvation Army's program and are made available to area children and youth at the agency Granite City recreation center. Here three youngsters play a game of "loss the bean-bag," one of many cost-free activities at the center.

## Salvation Army Provides Aid, Recreation

The Salvation Army is a humane-minded organization always ready to provide emergency relief and aid for families and individuals in time of need.

Emergency aid provided by the local United Fund-supported agency, traditionally the helping hand for the down-and-out with no other place to turn, may include food, clothing, shelter and payment of some utility bills.

Last year the agency answered 178 emergency requests for aid, providing 97 grocery orders, 27 pairs of shoes, 33 furniture orders, garments, bedding and fuel. Service to 111 transients included meals, transportation and lodging for women.

Not only does the Salvation Army stand ready to help Quad-Cityans in time of disaster or other need, but it also adds extensive recreation and religious education programs for area youth and senior citizens. In fact, providing instruction and recreational opportunities for children and youth is an important part of the agency's work in the local area.

**Activities Program**  
The activities program, predicated on handicraft, athletics and other skills designed for character building and Christian living, are geared for children without a lot of money to spend. According to Capt. Mildred Walker, the local agency's chief

administrator, many of the Salvation Army's recreational activities require no membership and no fees are charged. A major portion of these activities is the handicraft program which is made available for children in the agency's recreation room at 1826 State street.

During the summer months, the Army's Bourbon, Mo., camp provides sessions for children, families, the blind and senior citizens. Recently 43 local children and 14 senior citizens returned from a one-week session at the summer camp.

This year the Army enlarged its local summer program by taking part in the Granite City park board's summer recreational program, which included handicraft activities, swimming in the park's pool, trips to the St. Louis zoo and weekly softball games. For the handicraft program the park board furnished the materials and the Salvation Army furnished the teachers and their salaries.

**Girl Guards And Sunbeams**  
For girls in the area the agency sponsors Girl Guard and Sunbeam troops, organized similar to the Girl and Brownie Scouts.

A band and vocal group also is maintained for members of the Salvation Army who are twelve years of age and over. They provide music for the Army's Sunday services and for hospital and home visitations. For senior citizens in the Quad-Cities, social contacts are provided through participation in

agency and recreational programs in the local area, the Salvation Army makes frequent visitations to the Scott Air Force Base Hospital and provides toilet articles and refreshments to the patients. On 12 visits to the base hospital in 1962 the group attended 1532 persons, compared with the 1625 patients attended in ten visits in 1961.

### Spiritual In Purpose

Basically the Salvation Army considers itself to be spiritual in purpose, and provides a weekly Sunday school, Sunday morning and evening services, correspondence courses and a summer Bible school.

Familiar to persons throughout the nation is the Army's annual Tree of Lights Christmas appeal, with its bell-ringers and red kettles. Funds raised through this appeal last year provided 489 food baskets for families and 1028 toys for children.

Staffing the local Salvation Army office are Capt. Walker, secretary and caseworker Mrs. Maxine Hutter; Ira Winn, recreational director and instructor at McKinley school; bus driver Orville Evans; and War Cry Salesman Mrs. Esther Hall. The War Cry is the Army's monthly publication.

To support the local agency's efforts, the Tri-Cities Area United Fund has allocated \$20,287—or two-thirds of the Salvation Army's \$32,137 budget—for the 1964 fiscal year. The remainder of the money will come from donations and solicitations, War Cry Sales and member gifts.

Helping coordinate the Salvation Army's work in the local area is a 24-man advisory board headed by Harry R. Johnson, chairman; Albert Michel, vice-chairman; Arthur Harris, secre-

**EMERGENCY RELIEF AID** is another service provided for needy Quad-Cityans and transients by the local Salvation Army. Chief Administrator, Mrs. Mildred Walker, (right) receives an emergency aid request from a needy Quad-City woman. Over 175 similar requests were answered by the agency in 1962.

### Pfc. Harry Martin Helps Set Army Building Mark

Army Pfc. Harry E. Martin, whose wife Janet and parents, Mr. and Mrs. Schley E. Martin, live on Rural Route One, is a

member of the 16th Engineer Battalion's Company A which established a 1st Armored Division time record for constructing a floating bridge at Fort Hood, Tex., early this month.

Martin, 25, is a graduate of Granite City high school and was employed by Granite City Steel Co. before entering the Army. He is a driver in the company.

### Lt. Haack To Begin Jet Pilot Training

Lt. and Mrs. John Haack, 2205 Edna street, will leave tomorrow for Texas where he will begin training as a jet fighter pilot. He was graduated last June from St. Louis University where

he received his commission as an Air Force officer. The couple was married this summer in Toledo, Ohio. He served this summer on the staff at Boy Scout Camp Sunnen.

## Better corn, better timing, better price!

**MODERN CROP DRYING SOLVES A WEATHER PROBLEM**—and electricity makes it possible! An electric fan operates the crop dryer that enables this farmer to harvest grain weeks early. Result: He avoids loss of mature grain by weather, birds, rodents, mold, fungi. His corn is ready for market in 24 hours—to take advantage of pre-season prices. Or, it can be held for sale at a later date.

Electricity serves the farmer well. And it is our constant aim to provide the best possible electric service to the 100,000 customers Illinois Power Company serves in rural areas\*. This is more than twice the number served in the same areas by taxpayer-subsidized rural electric co-ops.

Service to rural customers is an important goal at Illinois Power.
